Deputy Assistant Now Top Aide

Ike Names Gen. Persons As Successor To Adams

WASHINGTON (AP)—President Eisenhower today appointed retired Maj. Gen. Wilton B. Persons as his chief assistant to succeed the resigned Sherman Adams.

Persons, 62, has been serving as deputy assistant to the President.

The White House said Eisenhower also intends later to appoint a deputy to Persons as an immediate assistant. The title will be chosen later.

Eisenhower also named Bryce N. Harlow as deputy assistant to the President for congressional affairs, a new title. Harlow is now a special assistant to Persons for congressional affairs.

Rounding out the new White House top command is the already announced selection of Robert Merriam, former assistant burget director, as deputy assistant to the President for interdepartmental affairs.

Persons' appointment came six days after Adams announced he would resign.

Adams, Eisenhower's right hand man during most of his time in office, quit under fire, announcing his decision in a dramatic TV-radio broadcast.

Adams' relations with his good friend, Boston industrialist Bernard Goldfine, had been investigated by a House committee and there were demands from Republicans that Adams get out.

In announcing his decision to quit, Adams insisted "I have done no wrong." But he added he "must give full consideration to the effect of my continuing presence on the public scene."

Adams acknowledged three months ago that he accepted costly favors from Goldfine at a time when Goldfine was having trouble with federal regulatory agencies. He denied using any influence in Goldfine's behalf.

Persons, a native of Montgomery, Ala., has been deputy assistant to the President since Sept. 5, 1953, and has served directly under Adams. Before that he was a special assistant to the President.

Would Get Offshore Islands

Long-Range British Plan Favors Communist China

WASHINGTON (AP) — British officials are reported advocating a long range, compromise settlement of the Formosa dispute under which Nationalist-held coastal islands eventually would go to Red China.

The British government also was reported today to be advising the United States against bringing the Formosa crisis before the United Nations in the immediate future. London officials were said to believe the best hope for a peaceful settlement lies in diplomatic negotiations rather than U. N. debate.

According to information current in U. S. official quarters, British leaders think the first requirement in any successful negotiation is agreement on a cease fire. On this point British policy supports the stand taken by the United States in talks with the Red Chinese at Warsaw during the past two weeks.

The British were pictured as believing an eventual settlement should provide for yielding the Nationalist-held offshore islands of Quemoy and Matsu to the Communists. Formosa itself, they feel, could be put under the mantle of the United Nations through some device such as a U. N. trusteeship.

The result of this kind of settlement could be a line down the middle of the Formosa Strait to separate U. S.-backed Nationalist power and the forces of Communist China.

Such a solution would run contrary to the presently strong positions of both the Chinese Communists and the Chinese Nationalist regime on Formosa.

In the Warsaw talks between U. S. Ambassador Jacob Beam and Red Chinese Envoy Wang Ping-nan, the Communists have demanded not only that Nationalist China get out of the offshore islands but that the United States abandon the Formosa regime.

The Nationalists have demonstrated every intention of holding on to the Quemoy and Matsu Islands at all costs. In the present crisis they have the support of the United States in this determination.

However, major U. S. policy interest, as expressed in treaty commitments to Generalissimo Chiang Kai-shek's government, lies primarily in the defense of Formosa and in the defense of the offshore islands only as this may be determined by President Eisenhower to contribute to Formosa's security.

Britain, which recognizes Red China rather than the Chinese Nationalists, has been reported ready to play a middleman role if the Warsaw talks break down, as many U. S. officials fear they will.

The British concept of an eventual settlement appears to be based on the belief that once Chiang's forces were pulled back across the hundred miles of open water in the Formosa Strait, the chances of conflict between the Nationalists and the Chinese Communists would be reduced to a minimum. Thus, the military conditions which led to the present crisis would be eliminated.

241 Killed As Typhoon Rips Japan

442,548 Homeless And 1,270 Missing In Winds, Floods

TOKYO (AP)—Typhoon Ida left death and desolation in central Japan today. Rescue crews worked frantically to clear the damage.

National police reported 241 dead from the typhoon's ripping winds and floods, 1,270 missing, and 442,548 homeless.

Almost a half million houses were flooded and 30,000 acres of rice paddies ruined.

The known casualty toll was expected to rise as communications with the disaster areas were fully restored.

A half dozen villages on the scenic Izu Peninsula 70 miles below Tokyo were struck by 100-mile-an-hour winds and raging floods. Newspaper reports said 80 bodies were recovered from the swollen Kano River and 600 were missing. Police confirmed at least 38 killed in that area.

Entire families were reported buried alive in landslides.

In Tokyo, drenched by a record 15½-inch rainfall, police said 23 persons were killed and 14 missing. Four were electrocuted by broken power lines.

Firemen, troops and volunteer rescue crews were dispatched from Mishima and Numazu to the Izu Peninsula. Tokyo's police and firemen worked around the clock and troops were mobilized to mop up damage. U.S. military crews worked with them.

Medical teams were organized in seven major hospitals and 13 health centers, and tetanus vaccine was prepared for 180,000 shots. The Water Bureau issued a warning that city reservoirs may have been contaminated by flood waters.

Skies over the city were sunny this afternoon as Ida, named typhoon No. 22 and classified as one of the worst ever to approach the island nation, headed north still packing 50 m.p.h. winds.

The Coast Guard reported 18 vessels sank in the height of the typhoon and eight more were swept away to sea. Twenty-six seamen were listed among the missing.

There were no casualties among Tokyo's American community or among U. S. military personnel.

Winds Spin At 125 MPH, Report Says

Warnings Go Out As Coastal Resorts Begin Evacuation

WILMINGTON, N.C. (AP) — Hurricane Helene aimed the fury of her winds and waters toward North Carolina's southeastern coast late this morning.

This "dangerous" hurricane, her central winds spinning 125 miles an hour, was located at 9 a.m. (EST) 40 miles south of Cape Fear, a point of land jutting into the seething Atlantic 30 miles south of Wilmington. The storm's forward speed was 10 m.p.h.

Helene, making the classic turn of Atlantic hurricanes to the north, altered course in the night, apparently sparing South Carolina coastal lands the brunt of her full blow.

Friday and Friday night she had followed a northwest course, but today she swung to the north.

"This would indicate that the center would move very close to Cape Fear late this forenoon attended by winds of 90 to 125 m.p.h. in this area and northeastward to Cape Hatteras," said the Weather Bureau's 9 o'clock advisory.

After the 9 a.m. advisory, North Carolina's Gov. Luther Hodges left his Raleigh office and flew to Wilmington, the Cape Fear River port city of 50,000 about 25 miles upstream from the ocean.

Hurricane force winds already had struck the Frying Pan Shoals light ship, which guards the river entrance.

Lesser winds struck beaches east of Wilmington, knocking roofs from lightly built houses. Power lines lay in yards and low areas.

Other beaches of the area, particularly Wrightsville and Carolina, were evacuated Friday night and early today.

Hurricane warnings, black and red banners, spanked in the winds northward to North Carolina's treacherous Cape Hatteras coastline and southward to Charleston. Beaches along the 300-mile coast from Charleston to Cape Hatteras were largely deserted.

Myrtle Beach is the largest of the beach communities that string almost entirely along the South Carolina and southern North Caro-

Heavy Voting Looms Today In Little Rock

Crucial Referendum On Integration Set; Ballot Offers Choice

LITTLE ROCK, Ark. (AP) — Election officials predict a heavy vote in today's crucial referendum on the integration of Little Rock schools.

The ballot offers a choice of allowing Negroes to attend all schools in the Little Rock School District, or restricting them to their own segregated schools.

There are about 42,000 eligible voters, including 8,000 Negroes.

Tension over the election has been rising during the past few days.

Friday night Gov. Orval E. Faubus, who closed the city's four high schools two weeks ago in a move to avoid immediate integration, appealed for a heavy turnout at the polls.

He assailed Little Rock factions that have been promoting a vote for integrated schools. But Faubus said he was not trying to influence the election. "The decision is yours," he declared in a locally televised speech. "As your public servant, I will abide by your decision."

A plea for approval of integrated schools was made Friday night by four of Little Rock's church leaders. They appeared on a televised program sponsored by a women's group that contends the high schools can only be opened if voters approve integration.

Faubus has proposed a private school plan. He said Friday night that private institutions would not be subject to court rulings and therefore could be operated on a segregated basis.

"This is the main reason why such a great and determined ef-

French Chief Asks 'Yes' On Constitution

PARIS (AP) — Premier de Gaulle has called for a massive "yes" vote for his new constitution Sunday, saying it means effective government and national unity.

"A new republic...is going to be established to lead France to the renovation which she now has within reach," the World War II hero declared confidently in a radio-TV broadcast Friday night that ran down the official curtain on a bitter campaign over the referendum.

Communists are the most military foes of the proposed new charter.

The new constitution provisions include:

1. A strong president, elected for a 7-year term by an electoral college composed of members of Parliament and local officials in France and its territories overseas.

2. The president to be commander-in-chief of the armed forces with wide emergency powers.

3. He will be able to dissolve Parliament in the event of a conflict with the government. His approval will be required for the appointment of cabinet ministers.

Firemen Stand By As Trapped Victim Is Free In Wreck

A 23-year-old Youngstown motorist is in "fair" condition at City Hospital with injuries suffered early this morning when he was pinned in his car after it overturned on Dresden Ave. at Trentvale St.

A New Castle driver was cited for drunken driving after nearly causing a second accident while officers were directing traffic at the scene.

Jordan Hugart suffered a puncture wound of the left chest, a chin laceration and contusions of both knees in the one - car mishap at 1:48 a. m.

Police said Hugart was unable to tell what happened but the officers said the car rolled onto Routes 7 and 30 from the hill, apparently after going up on the embankment between Dresden Ave. and Trentvale St.

The gasoline spilled over the highway and auto and firemen were called at 2:06 a. m. to stand by while police extricated Hugart from the wreckage.

Biggest Cargo Of Supplies Gains Quemoy

QUEMOY (AP) — The biggest and most successful Chinese Nationalist convoy of the offshore islands war reached Quemoy today with supplies for the besieged island.

The Nationalists did not immediately announce the extent of the latest supply mission to push through Communist shellfire. But from a vantage point overlooking Liaolo Beach, at least three or four times as many landing craft as came ashore Friday could be seen.

A Nationalist military spokesman said 18 amphibious vehicles clambered onto the beach Friday. Judging from the capacity of the alligator craft, their total load could have been up to 54 tons.

Today's supplies came in 59 landing craft. They carried a possible maximum of 177 tons. It has been estimated the 80,000 to 100,000-man Quemoy garrison needs 350 tons daily to stay at top combat capability.

Alligators and other landing craft cast off from U.S.-escorted Nationalist supply ships standing outside Red artillery range and swarmed to four separate landing areas.

As they came in shells splashed all around them and hit the beach. There was one very near miss which caused a craft to stop for a few seconds.

The convoy arrived after a heavy nightlong bombardment that failed to stop Nationalist planes from parachuting high priority supplies to Quemoy.

Bids Sought For New Western Beaver School

The Western Beaver County School Authority has called for bids for the proposed 12 - room grade school to be erected on the former Burgett farm in Industry Township.

The bids will be opened Oct. 22 at a meeting in the Fairview School, according to Atty. Robert L. Orr of Beaver, solicitor. Glen Dawson is secretary of the authority. The new school is estimated at over $500,000 and when in use will eliminate half - day classes in the area schools. It will be named after Ray W. Snyder, late supervisor for the school district. B. J. McCandless of Ellwood City is the architect.

Firemen Plan $5,000 Annex

Newell Department Asks Bids On Project

Trustees of the Newell volunteer fire department are accepting bids on a proposed addition to the fire station, costing between $5,000 and $7,000.

The structure, of cement block construction, will be attached to the rear of the fire station, extending 18 feet to the alley. They will be connected by an archway to be cut through the rear wall of the present structure.

The trustees have not yet decided whether to include basement which would cost $2,000 raising the total to $7,000.

The added space will be used for storage of carnival equipment and for Tuesday evening bingo games.

The department now stores the equipment for the annual carnivals in the garages at the Homer Laughlin China Co. but they are to be razed, according to Arch Coen, president of the firemen.

GM And UAW Negotiators Resume Talks

DETROIT (AP) — General Motors and United Auto Workers Union negotiators meet today with GM set to hold the line on its contract offer despite a Tuesday strike deadline.

GM said Friday it would not offer the UAW any more than the union got in its settlement last week with Ford.

Louis G. Seaton, GM vice president, irked by a rash of wildcat strikes that idled some 45,000 General Motors workers in 20 plants across the nation, said:

"We feel that our offer last Saturday to give the UAW the same as they got at Ford, an agreement which both they and Ford praised as sound, should be sufficient to do the trick."

Seaton termed the union's 11 a.m. strike deadline next Tuesday for 250,000 of GM's 325,000-man work force "an empty thing right now. The strike is on."

Walter Reuther, UAW president, joined the GM talks Friday for the first time since he failed to reach a quick settlement at Chrysler on Wednesday.

Vanguard Burned Up, Didn't Go Into Orbit

WASHINGTON (AP)—The Defense Department said today the Navy Vanguard satellite launched Friday did not go into orbit and burned up flying in the earth's atmosphere.

A brief announcement said:

"The Vanguard IGY satellite vehicle launched yesterday failed to achieve an altitude or velocity adequate to place it in its projected orbit.

"After one or at most a limited number of passes around the earth at very low altitudes, the vehicle reentered the earth's atmosphere and was consumed by friction.

"As further data are reduced the results will be made available."

Cooler Spell Arrives With Showers, Drizzle

Early morning showers, followed by a forenoon drizzle, heralded the arrival of a cooling trend after two days of high humidity.

Dam 8 at Newell reported 0.15 inch of precipitation from the showers that began at 4:45 and lasted to 6:30. The drizzle started at 7:15 and the Ohio weatherman said the rain should end this afternoon.

Temperatures will not go above 64 to 68 today and tonight's low will be 48 to 52. The high for the past 24 hours was the 78 recorded at 10 a. m. Friday. The afternoon high was 74 and the overnight low 58.

It will be fair but cool tonight and Sunday.

Appeal To U.S. Court Today

Two Virginia Towns Seek Year Delay In Integration

BALTIMORE (AP) — Two Virginia communities ask a federal court today for a year's delay in integration of their public schools.

Appeals by Warren County and Norfolk officials were carried to a three-judge federal appeals court sitting here in emergency session. Virginia officials, meanwhile, marked time in the segregation crisis while awaiting the court's decision.

Warren County High School, at Front Royal, has been padlocked by the state. A recently enacted Virginia statute gives the governor that right when desegregation is imminent.

Six junior and senior high schools at Norfolk have been ordered to admit 17 Negroes. Opening of the schools has been postponed until Monday, awaiting legal action. If that action upholds immediate integration, the next move is up to the state.

Two Charlottesville schools are closed because of court-ordered integration. But the community there is holding a semblance of classes—white—in private dwellings. Negro schools are running normally.

Norfolk and Warren County already had appealed for a temporary postponement from Chief Judge Simon E. Sobeloff of the Fourth U.S. Circuit Court of Appeals. He refused both. However, he offered to call the full court in emergency session to review both cases.

Sobeloff also refused a year's delay to Charlottesville. He said that he, as a single appellate judge, could not justify postponing a district judge's decision — without exceptional reasons.

A full review of the questions, he said, would have to be judged by the full appellate court. He offered them quick action on a hearing of the full court, Norfolk and Warren County took him up on it.

No New Clues Found In Insurance Robbery

No new leads have been uncovered in the armed robbery of the C. W. Hendershot Insurance Agency Thursday afternoon, Police Chief Americo Radeschi said today.

Two holdup men fled with nearly $161 after binding Hendershot and three employes with adhesive tape in the firm's office on the second floor of the Potters Savings & Loan Co. building.

The bandits managed to evade roadblocks set up quickly throughout the district.

State Generally Confused

4 Area Towns, 4 School Districts Return To EST

Four East Liverpool area communities and four school districts revert to Eastern Standard Time next week but all the rest of the Tri-State area remains on Daylight Saving Time through Oct. 26.

Residents of Wellsville, Salineville, Irondale and Hammondsville regain that lost hour of sleep when they turn their clocks back an hour before retiring tonight.

Their time change is officially at 2 a. m. tomorrow. Clocks were turned ahead April 27 when most of the Eastern States started the fast "summer" time.

Two communities will be suffering not from schizophrenia but schizo-time-ia——their schools will be on slow time with the towns remaining on fast time.

East Palestine will remain on DST but its schools will revert to EST and the same situation will prevail in Lisbon, effective Wednesday. The other school districts turning back the clock are Beaver Local and Southern Local starting Monday.

Columbiana County commissioners decided Friday to conintue the Courthouse on DST because the majority of the towns and villages in the county will not change until October.

Lisbon Council and the village Board of Education conferred last night on the time question and the village authorities decided to stay on DST and the board members preferred EST, starting Monday. The conference was called in hopes both would return to slow time.

The confusion was general throughout the state.

The time of day in northeastern Ohio Sunday might depend on which side of the road you're on.

While Cleveland and Cuyahoga County remain on Daylight Saving Time, nearby Akron will revert to Eastern Standard Time.

Anti-Red Has Burma Reins; U Nu To Quit

RANGOON, Burma (AP)—Gen. Ne Win, staunchly anti-Communist head of the armed forces, controlled Burma today. He stepped in to halt political feuding that threatened to give Communists the balance of power.

Premier U Nu announced Friday night that he will resign Oct. 28 so Win can be named premier to arrange free elections.

Win said he will continue Burma's neutral policy in foreign affairs. This little Southeast Asian republic of 19 million persons between Thailand and India has a 1,500-mile border with Red China.

The army seized power early Friday, moving swiftly to control key points after two days of rumors that a coup was impending. An army communique said the seizure was to preserve law, order and democracy.

After daylong discussions, U Nu announced that Win had accepted his invitation to become premier at a meeting of Parliament in one month.

Win, 48, was deputy premier in 1950 and earlier served as defense minister. He is commander-in-chief of the armed forces, which consist primarily of the army of 60,000 to 80,000 men.

U Nu had scheduled the November elections in hopes of bolstering his government after a split last June in his political party, which has ruled Burma since it won independence from Britain in 1948.

Biggest Cargo Of Supplies Gains Quemoy

QUEMOY (AP) — The biggest and most successful Chinese Nationalist convoy of the offshore islands war reached Quemoy today with supplies for the besieged island.

The Nationalists did not immediately announce the extent of the latest supply mission to push through Communist shellfire. But from a vantage point overlooking Liaolo Beach, at least three or four times as many landing craft as came ashore Friday could be seen.

A Nationalist military spokesman said 18 amphibious vehicles clambered onto the beach Friday. Judging from the capacity of the alligator craft, their total load could have been up to 54 tons.

Today's supplies came in 59 landing craft. They carried a possible maximum of 177 tons. It has been estimated the 80,000 to 100,000-man Quemoy garrison needs 350 tons daily to stay at top combat capability.

Alligators and other landing craft cast off from U.S.-escorted Nationalist supply ships standing outside Red artillery range and swarmed to four separate landing areas.

As they came in shells splashed all around them and hit the beach. There was one very near miss which caused a craft to stop for a few seconds.

The convoy arrived after a heavy nightlong bombardment that failed to stop Nationalist planes from parachuting high priority supplies to Quemoy.

Bids Sought For New Western Beaver School

The Western Beaver County School Authority has called for bids for the proposed 12 - room grade school to be erected on the former Burgett farm in Industry Township.

The bids will be opened Oct. 22 at a meeting in the Fairview School, according to Atty. Robert L. Orr of Beaver, solicitor. Glen Dawson is secretary of the authority. The new school is estimated at over $500,000 and when in use will eliminate half - day classes in the area schools. It will be named after Ray W. Snyder, late supervisor for the school district. B. J. McCandless of Ellwood City is the architect.

Firemen Plan $5,000 Annex

Newell Department Asks Bids On Project

Trustees of the Newell volunteer fire department are accepting bids on a proposed addition to the fire station, costing between $5,000 and $7,000.

The structure, of cement block construction, will be attached to the rear of the fire station, extending 18 feet to the alley. They will be connected by an archway to be cut through the rear wall of the present structure.

The trustees have not yet decided whether to include basement which would cost $2,000 raising the total to $7,000.

The added space will be used for storage of carnival equipment and for Tuesday evening bingo games.

The department now stores the equipment for the annual carnivals in the garages at the Homer Laughlin China Co. but they are to be razed, according to Arch Coen, president of the firemen.

GM And UAW Negotiators Resume Talks

DETROIT (AP) — General Motors and United Auto Workers Union negotiators meet today with GM set to hold the line on its contract offer despite a Tuesday strike deadline.

GM said Friday it would not offer the UAW any more than the union got in its settlement last week with Ford.

Louis G. Seaton, GM vice president, irked by a rash of wildcat strikes that idled some 45,000 General Motors workers in 20 plants across the nation, said:

"We feel that our offer last Saturday to give the UAW the same as they got at Ford, an agreement which both they and Ford praised as sound, should be sufficient to do the trick."

Seaton termed the union's 11 a.m. strike deadline next Tuesday for 250,000 of GM's 325,000-man work force "an empty thing right now. The strike is on."

Walter Reuther, UAW president, joined the GM talks Friday for the first time since he failed to reach a quick settlement at Chrysler on Wednesday.

Vanguard Burned Up, Didn't Go Into Orbit

WASHINGTON (AP)—The Defense Department said today the Navy Vanguard satellite launched Friday did not go into orbit and burned up flying in the earth's atmosphere.

A brief announcement said:

"The Vanguard IGY satellite vehicle launched yesterday failed to achieve an altitude or velocity adequate to place it in its projected orbit.

"After one or at most a limited number of passes around the earth at very low altitudes, the vehicle reentered the earth's atmosphere and was consumed by friction.

"As further data are reduced the results will be made available."

Cooler Spell Arrives With Showers, Drizzle

Early morning showers, followed by a forenoon drizzle, heralded the arrival of a cooling trend after two days of high humidity.

Dam 8 at Newell reported 0.15 inch of precipitation from the showers that began at 4:45 and lasted to 6:30. The drizzle started at 7:15 and the Ohio weatherman said the rain should end this afternoon.

Temperatures will not go above 64 to 68 today and tonight's low will be 48 to 52. The high for the past 24 hours was the 78 recorded at 10 a. m. Friday. The afternoon high was 74 and the overnight low 58.

It will be fair but cool tonight and Sunday.

Appeal To U.S. Court Today

Two Virginia Towns Seek Year Delay In Integration

BALTIMORE (AP) — Two Virginia communities ask a federal court today for a year's delay in integration of their public schools.

Appeals by Warren County and Norfolk officials were carried to a three-judge federal appeals court sitting here in emergency session. Virginia officials, meanwhile, marked time in the segregation crisis while awaiting the court's decision.

Warren County High School, at Front Royal, has been padlocked by the state. A recently enacted Virginia statute gives the governor that right when desegregation is imminent.

Six junior and senior high schools at Norfolk have been ordered to admit 17 Negroes. Opening of the schools has been postponed until Monday, awaiting legal action. If that action upholds immediate integration, the next move is up to the state.

Two Charlottesville schools are closed because of court-ordered integration. But the community there is holding a semblance of classes—white—in private dwellings. Negro schools are running normally.

Norfolk and Warren County already had appealed for a temporary postponement from Chief Judge Simon E. Sobeloff of the Fourth U.S. Circuit Court of Appeals. He refused both. However, he offered to call the full court in emergency session to review both cases.

Sobeloff also refused a year's delay to Charlottesville. He said that he, as a single appellate judge, could not justify postponing a district judge's decision — without exceptional reasons.

A full review of the questions, he said, would have to be judged by the full appellate court. He offered them quick action on a hearing of the full court, Norfolk and Warren County took him up on it.

No New Clues Found In Insurance Robbery

No new leads have been uncovered in the armed robbery of the C. W. Hendershot Insurance Agency Thursday afternoon, Police Chief Americo Radeschi said today.

Two holdup men fled with nearly $161 after binding Hendershot and three employes with adhesive tape in the firm's office on the second floor of the Potters Savings & Loan Co. building.

The bandits managed to evade roadblocks set up quickly throughout the district.

State Generally Confused

4 Area Towns, 4 School Districts Return To EST

Four East Liverpool area communities and four school districts revert to Eastern Standard Time next week but all the rest of the Tri-State area remains on Daylight Saving Time through Oct. 26.

Residents of Wellsville, Salineville, Irondale and Hammondsville regain that lost hour of sleep when they turn their clocks back an hour before retiring tonight.

Their time change is officially at 2 a. m. tomorrow. Clocks were turned ahead April 27 when most of the Eastern States started the fast "summer" time.

Two communities will be suffering not from schizophrenia but schizo-time-ia——their schools will be on slow time with the towns remaining on fast time.

East Palestine will remain on DST but its schools will revert to EST and the same situation will prevail in Lisbon, effective Wednesday. The other school districts turning back the clock are Beaver Local and Southern Local starting Monday.

Columbiana County commissioners decided Friday to conintue the Courthouse on DST because the majority of the towns and villages in the county will not change until October.

Lisbon Council and the village Board of Education conferred last night on the time question and the village authorities decided to stay on DST and the board members preferred EST, starting Monday. The conference was called in hopes both would return to slow time.

The confusion was general throughout the state.

The time of day in northeastern Ohio Sunday might depend on which side of the road you're on.

While Cleveland and Cuyahoga County remain on Daylight Saving Time, nearby Akron will revert to Eastern Standard Time.

Anti-Red Has Burma Reins; U Nu To Quit

RANGOON, Burma (AP)—Gen. Ne Win, staunchly anti-Communist head of the armed forces, controlled Burma today. He stepped in to halt political feuding that threatened to give Communists the balance of power.

Premier U Nu announced Friday night that he will resign Oct. 28 so Win can be named premier to arrange free elections.

Win said he will continue Burma's neutral policy in foreign affairs. This little Southeast Asian republic of 19 million persons between Thailand and India has a 1,500-mile border with Red China.

The army seized power early Friday, moving swiftly to control key points after two days of rumors that a coup was impending. An army communique said the seizure was to preserve law, order and democracy.

After daylong discussions, U Nu announced that Win had accepted his invitation to become premier at a meeting of Parliament in one month.

Win, 48, was deputy premier in 1950 and earlier served as defense minister. He is commander-in-chief of the armed forces, which consist primarily of the army of 60,000 to 80,000 men.

U Nu had scheduled the November elections in hopes of bolstering his government after a split last June in his political party, which has ruled Burma since it won independence from Britain in 1948.

Aims To Break Formosa Deadlock

India Asks No-Man's Land Tag For Offshore Islands

UNITED NATIONS, N. Y. (AP) —India's veteran mediator V. K. Kirshna Menon has been sounding out delegates from both sides of the Iron Curtain with a plan aimed at breaking the Formosa deadlock.

Informants said Menon, who had played a middle role in helping solve past East-West disagreements at the U. N., wants to make the offshore islands of Quemoy and Matsu a "no-man's land while a political settlement is sought for Formosa.

Under this proposal, the sources said, the Chinese Nationalists would pull their armed forces from the islands, while the Red Chinese would promise not to attempt any landings during negotiations.

The Indians are understood to feel that next Tuesday—when the talks between U. S. and Red Chinese ambassadors resume in Warsaw—will be the critical stage in the bargaining session between the United States and Red China.

The United States has made it pretty clear that if the Warsaw talks break down it will toss the issue before the General Assembly or the Security Council.

Many delegates feel, however, that the East - West bitterness stirred up by such a debate would hamper any settlement. They would prefer to see a good offices commission created to try to work out the problem.

It has been suggested that such a commission assign a key role to Secretary General Dag Hammarskjold—perhaps as emissary to Peiping.

Menon, who is reported receiving progress reports from Peiping via New Delhi, has been in steady touch with British Foreign Secretary Selwyn Lloyd, who left for London Friday night after attending the opening phase of the 13th General Assembly.

Menon also has been conferring frequently with Soviet Foreign Minister Andrei Gromyko and talked Friday with U. S. Ambassador Henry Cabot Lodge at the latter's residence in the Waldorf Astoria.

Secretary of State Dulles met separately at the Waldorf Friday with Lloyd and Maurice Couve de Murville, foreign minister of France.

Britain, Canada and Norway reportedly have been prodding Gromyko to use his influence to try to get Red Chinese agreement on a cease-fire. It is understood, however, that they made little headway.

The United States has been standing firm for a cease-fire before taking part in any negotiations on the status of the offshore islands.

Radio Peiping declared Friday that a cease - fire in the Formosa Strait "is a purely internal question in which the United States has no voice."

Little Rock

fort is being made to confuse and deceive the voters of the Little Rock school district," he said. "The integrationists are about to lose a battle."

The governor expressed a conviction that courts would never order private schools to integrate.

Faubus charged that President Eisenhower had joined in a "campaign of deception and propaganda" aimed at making voters believe they must approve integration or let the schools remain closed.

Eisenhower warned Thursday that closing of public schools faced with integration in Arkansas and Virginia could lead to disastrous consequences for the nation.

Reiterating that he had a workable plan for placing public schools under private operation on a segregated basis, Faubus added:

"I do not get into a situation without knowing what I am doing."

The clergymen appealing for a vote in favor of integrated schools were the Rt. Rev. Robert R. Brown, Episcopal bishop of Arkansas; Methodist Bishop Paul E. Martin; Dr. T. B. Hay, a Presbyterian pastor, and Dr. Dale Cowling, a Baptist pastor and president of the Greater Little Rock Ministerial Alliance.

Bishop Brown urged voters to consider the moral aspects of the issue and look at it "through the eyes of Christ."

"If Christ were voting," he asked, "how do you think he would vote?"

The Little Rock School Board this week asked U. S. Dist. Judge John E. Miller of Fort Smith, Ark. whether it would be in contempt of federal court if it leased the schools to a private corporation. The U. S. Supreme Court Sept. 12 ordered the board to proceed with immediate integration of Central High School.

Judge Miller also received a petition from the National Assn. for the Advancement of Colored People, asking for an injunction to keep the board from leasing schools.

The judge dismissed both petitions, saying he lacked jurisdiction.

Cars operated by McGraw and Harold J. Hill, 114 E. 2nd St., collided at Dresden Ave. and 6th St. Friday at 8 p. m., police said.

An accident at 3:18 p. m. on Harvey Ave. involved autos driven by Josephine Thompson of Beaver and William R. Pickens of Lisbon R. D. 3, police reported.

George M. Guildoo, 164 Montana Ave., Chester, told police his car was damaged slightly when struck by a hit - skip motorist while he was parked on Broadway between 12:30 and 1:30 p. m. yesterday.

Confident Living

Dr. Norman Vincent Peale

How To Control The Issues Of Life

I recently was invited to another city to make a speech at a banquet and was advised I would be met at my hotel by the head of this particular organization, who would drive me to the function. He called me from downstairs at the exact moment I had been told he would call. I went down to meet him and found him most impressive. And I was even more impressed by the way he ran the meeting that evening.

Dr. Peale

As he drove me back to the hotel, I told him, "You had me come here to make an inspirational speech to your group, but, believe me, you're inspirational enough without importing anyone from outside."

—:—

"WELL," HE said, "if you think I'm inspirational, you should have known me five years ago! When I got out of college, I was going to make myself a million dollars right off and I went out to do it. I found out I couldn't. So I got disgusted. I thought that the only way to get ahead was to do what everybody else was doing."

So, under the mistaken impression that everyone who achieved success "lived it up," he started down a number of dead end roads —liquor, marital difficulties, all sorts of things. "Finally one night," he told me, "I wrapped my car around a telephone pole and was soon lying on my back in a hospital where I spent six weeks.

"When you haven't anything to do but to look up at the ceiling," he continued, "you start to think. And I thought to myself, I've certainly messed everything up. I started well enough. I got some good grades at school. I had brains and I had connections. I have a good mind and a good body. Yet, here I am — a failure."

—:—

WHEN HE was able to sit up, his mother came to see him one day and brought him a Bible to read. And he started to read it. Eventually he came to the fourth chapter of Proverbs, where it says in the twenty-third verse, "Keep thy heart with all dilligence; for out of it are the issues of life." And for some reason this gripped him. He could easily recognize that the issues in his life were in bad shape.

But, what did the Bible mean when it told you to keep your heart with all diligence? He sent for his pastor to find out. The pastor, obviously a wise minister, told him that what is meant by "your heart" is the deep subconscious, the innermost self out of which the personality develops. If you get inwardly organized around God, he said, keeping Him as the center and diligently holding to that, then the issues of life, instead of flowing away from you, will flow to you.

"So," my host continued, "I got organized." Then he used a glorious sentence. "God and I took authority over my life." And I knew what he meant as he said: "I began to stand up to things. I began to control things. Now I am having the time of my life."

His boast was not bravado. It was awareness of one's true nature, based upon humble faith. And, as I go from city to city and place to place, I find that there is nothing more thrilling than meeting and talking with people who have found this to be true. Such people, without doubt, are the most stimulating human beings you can possibly encounter.

Out of your heart, out of the depths of the best in you, you too can control the issues of life.

Time

Further south, Canton clocks will be ticking on daylight time while neighboring Tuscarawas County timepieces will be set back an hour.

Cleveland voted last May to extend Daylight Saving Time until Oct. 26, as did most other northeastern Ohio communities, including Youngstown, Canton and Warren.

But in Akron and Ashtabula the time changes are incorporated in city charters which call for a return to standard time Sunday. The issue of remaining on daylight time another month will be put to voters in both cities in November, but that won't help this year's situation.

Conneaut and Geneva will follow the lead of neighboring Ashtabula and turn back clocks an hour. That will put the extreme northeastern corner of the state on standard time.

Ravenna clocks will keep the same time as Akron. So will clocks in southern Summit and Medina Counties. The northern portion of those two counties will keep in step with Cleveland.

Along the Ohio border, Pennsylvanians will stay on daylight time.

The Forgotten Promise

It is the time of year when we begin counting up the gains of the past growing season.

The harvest is almost all in, and soon we will have the final statistics on grain production, the fruit crop and byproducts that have come from the soil. Exact figures will replace earlier estimates.

Not only is this a rewarding time in our lives each year, but it should be a time of profound appreciation for the good things the land brings us. These are the essentials of life; without them there would be no clothing, no food, no shelter as we know and require these every-day necessities.

-:-

IN ANCIENT TIMES, this season of the year called for each family to give one-tenth of the annual harvest to those in want and need, to the less fortunate.

This was known as tithing, since the term "tithe" means "a tenth." The principle was to return to God through charitable gifts a portion of the blessings and benefits that came up out of the earth.

Later the practice became a function of the organized church. Each family brought its tithe to the church and the church acted as the agent for distribution of the donated products and goods.

This function has remained with us on through the years and tithing still is a basic principle of church membership. Today, however, the tithe applies to our incomes, to salaries and wages which we gain from our labors.

But the practice of tithing in modern times has lost ground. Giving to churches and charitable purposes is far off the pace.

The Internal Revenue Service recently reported on the average contribution by American taxpayers in various income brackets. Those who itemized their gifts as tax deductions showed a percentage to total income considerably below 10 per cent. The figure was less than 5 per cent in middle-income brackets and fell off progressively as incomes rose.

-:-

IS THIS the result of a lessening in appreciation for the blessings and benefits that come to us? Could it be that we permit ourselves to think of contributions to others in terms of a given amount rather than a percentage of the whole? Or are we merely careless about this obligation and just do not give it much thought at all?

There's a great promise in tithing. It's in the third chapter of the book of Malachi.

It reads, "Bring ye all the tithes into the storehouse, that there may be meat in my house, and prove me now, herewith, saith the Lord of Hosts, if I will not open you the window of Heaven and pour you out a blessing that there shall not be room enough to receive it."

The tithe should not be looked upon as a gimmick to obtain more and more of God's benefits. But when it is given in genuine appreciation for what we've received, the promise is clear — there will not be room in our lives to absorb all the blessings that will result. Furthermore, God is willing for us to test Him on this.

It's a great promise. We should never forget it.

One death already was attributed to the storm. Richard Wats, 40, was killed near Whiteville, N.C., when his car skidded on a wet highway and overturned.

The U.S. Weather Bureau made clear very early that Helene was an extremely dangerous storm. It warned that storm tides would be 10 feet higher than normal—perhaps higher in some places. Low coastal areas would be flooded and people who didn't get out before the storm hit wouldn't get out.

With the marks of 1954's Hazel and 1955's Connie, Diane and Ione still visible in some places, beach residents took the warning seriously.

Civil Defense officials, National Guardsmen, the Civil Air Patrol, highway patrolmen and local officials organized swiftly to see that lives—and as much property as possible—were safeguarded.

In some communities evacuation was mandatory. In others only a handful of property owners stayed in the exposed areas.

There's a great promise in tithing. It's in the third chapter of the book of Malachi.

It reads, "Bring ye all the tithes into the storehouse, that there may be meat in my house, and prove me now, herewith, saith the Lord of Hosts, if I will not open you the window of Heaven and pour you out a blessing that there shall not be room enough to receive it."

The tithe should not be looked upon as a gimmick to obtain more and more of God's benefits. But when it is given in genuine appreciation for what we've received, the promise is clear — there will not be room in our lives to absorb all the blessings that will result. Furthermore, God is willing for us to test Him on this.

It's a great promise. We should never forget it.

Laborites Urge Britain Don't Defend Quemoy

SCARBOROUGH, England (AP) — Leaders of the British Labor party said today Britain "should neither participate in nor support a war to defend Quemoy."

The Far East situation was uppermost in the minds of delegates arriving at this Yorkshire seaside resort for the party's annual convention opening Monday.

A resolution warning the government to keep out of any fighting that might break out over China's offshore islands was drafted as the first business to come up.

Prasad Visits Japan

TOKYO (AP)—President Rajendra Prasad of India flew in today for a nine-day state visit to Japan. Emperor Hirohito greeted him at the airport. The emperor broke Japanese court precedent by going out to meet a head of state other than a member of royalty.

Red China Reactor Set

LONDON (AP) — Red China's first atomic reactor and cyclotron went into operation today at a site near Peiping, the Peiping radio reported. The reactor is of the heavy water type.

One death already was attributed to the storm. Richard Wats, 40, was killed near Whiteville, N.C., when his car skidded on a wet highway and overturned.

The U.S. Weather Bureau made clear very early that Helene was an extremely dangerous storm. It warned that storm tides would be 10 feet higher than normal—perhaps higher in some places. Low coastal areas would be flooded and people who didn't get out before the storm hit wouldn't get out.

With the marks of 1954's Hazel and 1955's Connie, Diane and Ione still visible in some places, beach residents took the warning seriously.

Civil Defense officials, National Guardsmen, the Civil Air Patrol, highway patrolmen and local officials organized swiftly to see that lives—and as much property as possible—were safeguarded.

In some communities evacuation was mandatory. In others only a handful of property owners stayed in the exposed areas.

New Ceramic Devised For Modern Airplanes

WASHINGTON (AP)—Aircraft industry efforts to find materials that will withstand the tremendous heat-friction encountered by future aircraft, spacecraft and missiles already have produced some remarkable results.

Planes, official publication of the Aircraft Industries Assn., says a ceramic has been developed that will maintain its properties in 5,000 degree heat. Called Galceram, its strength persists through both rapid and gradual temperature changes.

Wins Trotting Classic

CHICAGO (AP) — Darn Safe, owned by Haryes Fair Acres of Du Quoin, Ill., won the first leg of the Suburban Downs trotting classic at Maywood Park Friday night before a crowd of 5,317. Steamin' Demon was third.

fort is being made to confuse and deceive the voters of the Little Rock school district," he said. "The integrationists are about to lose a battle."

The governor expressed a conviction that courts would never order private schools to integrate.

Faubus charged that President Eisenhower had joined in a "campaign of deception and propaganda" aimed at making voters believe they must approve integration or let the schools remain closed.

Eisenhower warned Thursday that closing of public schools faced with integration in Arkansas and Virginia could lead to disastrous consequences for the nation.

Reiterating that he had a workable plan for placing public schools under private operation on a segregated basis, Faubus added:

"I do not get into a situation without knowing what I am doing."

The clergymen appealing for a vote in favor of integrated schools were the Rt. Rev. Robert R. Brown, Episcopal bishop of Arkansas; Methodist Bishop Paul E. Martin; Dr. T. B. Hay, a Presbyterian pastor, and Dr. Dale Cowling, a Baptist pastor and president of the Greater Little Rock Ministerial Alliance.

Bishop Brown urged voters to consider the moral aspects of the issue and look at it "through the eyes of Christ."

"If Christ were voting," he asked, "how do you think he would vote?"

The Little Rock School Board this week asked U. S. Dist. Judge John E. Miller of Fort Smith, Ark. whether it would be in contempt of federal court if it leased the schools to a private corporation. The U. S. Supreme Court Sept. 12 ordered the board to proceed with immediate integration of Central High School.

Judge Miller also received a petition from the National Assn. for the Advancement of Colored People, asking for an injunction to keep the board from leasing schools.

The judge dismissed both petitions, saying he lacked jurisdiction.

Confident Living

Dr. Norman Vincent Peale

How To Control The Issues Of Life

I recently was invited to another city to make a speech at a banquet and was advised I would be met at my hotel by the head of this particular organization, who would drive me to the function. He called me from downstairs at the exact moment I had been told he would call. I went down to meet him and found him most impressive. And I was even more impressed by the way he ran the meeting that evening.

Dr. Peale

As he drove me back to the hotel, I told him, "You had me come here to make an inspirational speech to your group, but, believe me, you're inspirational enough without importing anyone from outside."

—:—

"WELL," HE said, "if you think I'm inspirational, you should have known me five years ago! When I got out of college, I was going to make myself a million dollars right off and I went out to do it. I found out I couldn't. So I got disgusted. I thought that the only way to get ahead was to do what everybody else was doing."

So, under the mistaken impression that everyone who achieved success "lived it up," he started down a number of dead end roads —liquor, marital difficulties, all sorts of things. "Finally one night," he told me, "I wrapped my car around a telephone pole and was soon lying on my back in a hospital where I spent six weeks.

"When you haven't anything to do but to look up at the ceiling," he continued, "you start to think. And I thought to myself, I've certainly messed everything up. I started well enough. I got some good grades at school. I had brains and I had connections. I have a good mind and a good body. Yet, here I am — a failure."

—:—

WHEN HE was able to sit up, his mother came to see him one day and brought him a Bible to read. And he started to read it. Eventually he came to the fourth chapter of Proverbs, where it says in the twenty-third verse, "Keep thy heart with all dilligence; for out of it are the issues of life." And for some reason this gripped him. He could easily recognize that the issues in his life were in bad shape.

But, what did the Bible mean when it told you to keep your heart with all diligence? He sent for his pastor to find out. The pastor, obviously a wise minister, told him that what is meant by "your heart" is the deep subconscious, the innermost self out of which the personality develops. If you get inwardly organized around God, he said, keeping Him as the center and diligently holding to that, then the issues of life, instead of flowing away from you, will flow to you.

"So," my host continued, "I got organized." Then he used a glorious sentence. "God and I took authority over my life." And I knew what he meant as he said: "I began to stand up to things. I began to control things. Now I am having the time of my life."

His boast was not bravado. It was awareness of one's true nature, based upon humble faith. And, as I go from city to city and place to place, I find that there is nothing more thrilling than meeting and talking with people who have found this to be true. Such people, without doubt, are the most stimulating human beings you can possibly encounter.

Out of your heart, out of the depths of the best in you, you too can control the issues of life.

Pastor Swims River In Search Of Prospect

EDGE HILL, Va. (AP)—The Rev. Max A. Greene of Hanover Baptist Church asked a prospect for his church if he thought it would be easier for him to come to church than for the minister to swim the Potomac River. When the prospect answered "I guess so," the minister swam the 3.8 mile round trip.

"I hope he will come to church," the minister said.

Church Belfry Painters Have Honey Of A Job

ELKVILLE, Ill. (AP) — Bees held up painting the Elkville Methodist Church belfry until members Gus Gray, Myrton Piper and Melborn Porter volunteered to remove them.

Although the price was seven stings, it was worth it. It required three hours to remove three washtubs of honey.

Time

(Continued from Page One)

Further south, Canton clocks will be ticking on daylight time while neighboring Tuscarawas County timepieces will be set back an hour.

Cleveland voted last May to extend Daylight Saving Time until Oct. 26, as did most other northeastern Ohio communities, including Youngstown, Canton and Warren.

But in Akron and Ashtabula the time changes are incorporated in city charters which call for a return to standard time Sunday. The issue of remaining on daylight time another month will be put to voters in both cities in November, but that won't help this year's situation.

Conneaut and Geneva will follow the lead of neighboring Ashtabula and turn back clocks an hour. That will put the extreme northeastern corner of the state on standard time.

Ravenna clocks will keep the same time as Akron. So will clocks in southern Summit and Medina Counties. The northern portion of those two counties will keep in step with Cleveland.

Along the Ohio border, Pennsylvanians will stay on daylight time.

Former Inmate Wounded In Bid To Free Prisoner

MARION, Ohio (AP)—A former inmate and parolee of the Marion Correctional Institution was critically wounded Friday as he attempted to force his way into the institution. He was apparently attempting to free a prisoner.

M. C. Koblentz, chief of the Division of Correction, said Eugene Neckar, 30, was shot, and a guard, Clem Strohl, 53, of Cardington, beaten during a scuffle as Neckar attempted to get into the medium security institution.

Neckar was taken to Marion General Hospital where he is under guard. Srohl was reported in satisfactory condition at Morrow County Hospital at Mount Gilead.

Koblentz quoted Strohl as saying Neckar approached the institution's gates about 3:20 p. m. He told Strohl he had a package to deliver and wanted to see an official. As Strohl started to telephone for an official, Neckar pulled a .22 caliber pistol and ordered Strohl to open the gates.

Strohl grabbed at Neckar, who then began hitting the guard with the gun. During the fight the gun was discharged, hitting Neckar in the chest.

Koblentz said Jack Hartman, 26, an inmate, later admitted he was the man Neckar was attempting to reach. Hartman, who has been at the Marion institution since October, 1957, is serving a life sentence for first degree murder. He was convicted in 1950 in Williams County.

Neckar was originally sentenced to Ohio Penitentiary from Hamilton County in March, 1956, on a charge of indecent exposure. He was sent to Marion in August, 1957, and was paroled last June. Since then he was reported to have been living in Illinois.

Hospital Auxiliary Discusses Change In Service Schedule

A change in service procedures was heard at the annual business meeting of the Women's Auxiliary of City Hospital Thursday afternoon in the hospital classroom.

A new trial policy for auxiliary volunteers working at the snack bar, to become effective in January, was explained by Mrs. Gerald Ryan, personnel chairman.

Each volunteer will be scheduled for one four - hour shift monthly, making a total of 48 hours a year. To meet the required 50 hours set for auxiliary members two hours credit will be given for attendance at the fall business meeting and the spring tea. Previously volunteers earned the necessary 50 hours by working a four - hour shift for several weeks.

In a report on service hours, Mrs. William Laughlin, records chairman, announced that a total of 7,000 hours have been contributed by the volunteers. This represents the work of 208 regular members plus twig affiliates.

Since January 334 hours have been earned through bandage rolling, it was reported by Mrs. Robert Weinhardt.

According to Mrs. James Bowen, chairman, the gift shop earnings have averaged $500 monthly and Mrs. William Christopher reported the photographic service gained $521 in the past year. Mrs. T. Burton Kerr, remembrance fund chairman, said $480 has been collected.

Mrs. William E. Dunlap Jr., president, conducted business during which amendments to the constitution were considered. They were prepared by Mrs. Dale Thompson, Mrs. William Cooper and Mrs. Fred Winland.

Letters from Miss Nell Robinson, hospital superintendent, and Mrs. Sarah E. Davis, director of nursing, thanked the auxiliary for gifts and assistance at the recent 47th annual commencement exercises. They were read by Mrs. Dunlap.

Resignations of Mrs. Harold Chandler, corresponding secretary, and Mrs. William D. Ogilvie, twig chairman, were read by Mrs. William Kelly, recording secretary.

Mrs. Weinhardt, Mrs. Lawrence W. Smith Jr. and Mrs. William Pomeroy were named to the nominating committee by Mrs. Dunlap. The slate of officers will be presented at the business meeting in September 1959.

Named to the yearbook committee by the president were Mrs. Gertrude Reese, Mrs. Richard C. Mayers and Mrs. Charles A. Gerace.

Announcement was made of the meeting of the Northeast District Oct. 15 at the Youngstown Country Club. Mrs. Dunlap said she will receive reservations until Oct. 11.

Following the meeting, Christmas merchandise for the gift shop was displayed in the doctors library. Mrs. Bowen, Mrs. F. C. Johnson, Mrs. Vincent Calcott and Mrs. Arthur Culp of the gift shop committee were in charge.

Course In Photography Will Begin Thursday

A new photography course covering every phase and designed for everyone from beginner to advanced amateur will start Thursday at 8 p. m. in the Ohio Power Co. building.

Don Eckert, instructor, said the course will be held every other Thursday night and will be free to the public. The only requirement is that those attending register with the Tri-State Camera Club. In case of school students in East Liverpool, Wellsville, Chester and Newell, registrations may be made with photography clubs in their schools.

The course, which probably will last through the winter, will cover taking of pictures, exposure, composition processing film and printing, Eckert said.

Hamilton City Head Urges Police Changes

HAMILTON, Ohio (AP) — City Manager Howard Wilson says he wants broad changes in the police department. He said he has found poor administration, favoritism and low morale.

Wilson reported to City Council Friday after a three-month study and interviews with over 90 officers.

He said he found no evidence of corruption, but found a poorly run police force where members of the traffic division got a lot of plums and preferential treatment.

Wilson said Chief Albert Osborne "has had little or no training in actual police work except in one field—traffic."

Osborne did not immediately comment on the report.

Midland And District Planners Will Confer

The Midland Borough Planning Commission will meet with commissions of Industry and Ohio Townships Monday at 8 p. m. in the Borough Building.

Dr. Zanvil Sigal, chairman of Midland's commission, said Midland's planning contract with the Federal government and the part by the state will be explained.

Industry Township is petitioning Beaver County Court to establish a borough and Ohio Township is studying the idea. Both townships have become alarmed over rumors that Midland's master plan will recommend annexation of their land.

Jack Wilson, representative of Morris Knowles, Inc., Pittsburgh engineers, will give a report on the planning commission's master plan, including the completion of Phase I—land use.

Hungarian Refugee To Face Murder Trial

AKRON, Ohio (AP)—A psychiatrist from Lima State Hospital-Dr. Alexander Choyn - had just finished testifying that in his opinion James Milak, 34, had been faking insanity.

Up jumped Milak, shouting: "I want to tell my story. I don't care if I go to the chair. I'm a dirty double murderer."

At that point Judge Stephen C. Colopy, who had been conducting a sanity hearing for Milak for two days, instructed the jury to declare him sane.

As a result, Milak will go on trial for murder. The Hungarign, refugee is accused of slaying Lillie Mikulak, 34, once his sweetheart, and her husband of four days, Steve, 45, in Portage County last fall.

Vicious Circle Cited By Resources Director

COLUMBUS, Ohio (AP) — Increasing population and natural resources are in a vicious circle, Herbert B. Eagon, director of the Ohio Department of Natural Resources, said Friday.

Speaking at a meeting of the Ohio Forestry Assn., Eagon said the increasing population is creating a greater demand for natural resources and at the same time choking off the resources which are available.

Named to the yearbook committee by the president were Mrs. Gertrude Reese, Mrs. Richard C. Mayers and Mrs. Charles A. Gerace.

Announcement was made of the meeting of the Northeast District Oct. 15 at the Youngstown Country Club. Mrs. Dunlap said she will receive reservations until Oct. 11.

Following the meeting, Christmas merchandise for the gift shop was displayed in the doctors library. Mrs. Bowen, Mrs. F. C. Johnson, Mrs. Vincent Calcott and Mrs. Arthur Culp of the gift shop committee were in charge.

Course In Photography Will Begin Thursday

A new photography course covering every phase and designed for everyone from beginner to advanced amateur will start Thursday at 8 p. m. in the Ohio Power Co. building.

Don Eckert, instructor, said the course will be held every other Thursday right and will be free to the public. The only requirement is that those attending register with the Tri-State Camera Club. In case of school students in East Liverpool, Wellsville, Chester and Newell, registrations may be made with photography clubs in their schools.

The course, which probably will last through the winter, will cover taking of pictures, exposure, composition processing film and printing, Eckert said.

Hamilton City Head Urges Police Changes

HAMILTON, Ohio (AP) — City Manager Howard Wilson says he wants broad changes in the police department. He said he has found poor administration, favoritism and low morale.

Wilson reported to City Council Friday after a three-month study and interviews with over 90 officers.

He said he found no evidence of corruption, but found a poorly run police force where members of the traffic division got a lot of plums and preferential treatment.

Wilson said Chief Albert Osborne "has had little or no training in actual police work except in one field—traffic."

Osborne did not immediately comment on the report.

Humorous Program Given For Lions Club

Mrs. Grace Ruth, field representative for the Civic Music Association, presented a humorous program on music at the meeting of the Lions Club Friday noon at the Travelers Hotel.

Mrs. Ruth and Victor Smith, program chairman, and Dr. Myer Alpern presented a skit and Ernest Lowe sang "Minnie the Moocher" and "76 Trombones" with Mrs. Lowe as accompanist.

Wives of members were guests along with James Calhoun and Larry Boram, high school students. Smith presided.

Midland And District Planners Will Confer

The Midland Borough Planning Commission will meet with commissions of Industry and Ohio Townships Monday at 8 p. m. in the Borough Building.

Dr. Zanvil Sigal, chairman of Midland's commission, said Midland's planning contract with the Federal government and the part by the state will be explained.

Industry Township is petitioning Beaver County Court to establish a borough and Ohio Township is studying the idea. Both townships have become alarmed over rumors that Midland's master plan will recommend annexation of their land.

Jack Wilson, representative of Morris Knowles, Inc., Pittsburgh engineers, will give a report on the planning commission's master plan, including the completion of Phase I—land use.

Hungarian Refugee To Face Murder Trial

AKRON, Ohio (AP)—A psychiatrist from Lima State Hospital Dr. Alexander Choyn - had just finished testifying that in his opinion James Milak, 34, had been faking insanity.

Up jumped Milak, shouting: "I want to tell my story. I don't care if I go to the chair. I'm a dirty double murderer."

At that point Judge Stephen C. Colopy, who had been conducting a sanity hearing for Milak for two days, instructed the jury to declare him sane.

As a result, Milak will go on trial for murder. The Hungarign, refugee is accused of slaying Lillie Mikulak, 34, once his sweetheart, and her husband of four days, Steve, 45, in Portage County last fall.

Vicious Circle Cited By Resources Director

COLUMBUS, Ohio (AP) — Increasing population and natural resources are in a vicious circle, Herbert B. Eagon, director of the Ohio Department of Natural Resources, said Friday.

Speaking at a meeting of the Ohio Forestry Assn., Eagon said the increasing population is creating a greater demand for natural resources and at the same time choking off the resources which are available.

Richard Nixon On His Own

Vice President Nixon Monday begins his campagning for Republican candidates in the fall elections. Established as perhaps the most capable GOP "stumper" on the national scene, he is being flooded with requests to expand his schedule beyond the 10 speeches in four states he originally planned.

Regardless of the number of "whistle stops" he makes before Nov. 4, it is certain that observers in both parties will be listening more closely than ever to what Richard M. Nixon has to say. For, more than ever before, he will be speaking for himself.

In a dozen years, the Californian has moved from obscurity to a commanding position in both politics and government by combining his own abilities with a series of unusual opportunities.

As political spokesman for President Eisenhower, he has become singularly seasoned—for his age — on the campaign trail, with thousands of miles and hundreds of speeches to his credit in the last three major election year.

He has more than once displayed a talent for turning political attack to advantage, the memorable highlight being his explanation of a private campaign fund in the heat of the 1952 contest.

Through the desire of his boss and his own ambition he has bestowed unprecedented prestige and significance upon his office, which previously had been thought of primarily as a "graveyard for political careers."

Yet in all this, Mr. Nixon has been looked upon chiefly as the "salesman" for Mr. Eisenhower's administrative policies and for the Republican Party's platform. This is the logical year for him to break away from that reputation.

He heralded the break, perhaps, with his speech earlier this month advocating an easing of taxes on business and revision of income tax rates. The vice president made it clear he was speaking as his own man. He offered his proposals "not as administration policy," but as measures "that should have top priority for consideration by the administration and by the Congress at its next session."

If that is an indication, Richard Nixon — who has been termed by one of his harsher critics as "indifferent to doctrine" — can be expected to use his coming campaign efforts for a conscious statement of personal principle that would be the basis for his candidacy for top office two years hence.

Believing What They See

Reports by some of the nearly 3,000 Americans who have paid unofficial visits to the Soviet Union this year shed a little light on a question that perplexes most of us: Do the Russians actually believe the "horror" stories they hear about the United States?

The tourists who have been interviewed after their return from Russia have been unanimous in praising the friendliness of the Russians and affirming their avid interest in all things American. All found people asking eager questions about the U.S. Frequently there were good-sized crowds listening to their responses.

But it was obvious some answers left the inquirers unconvinced. They persisted in believing that thousands starve on the streets of New York, that all Negroes in the South are mistreated, that American "ruling classes" are determined to have war.

This is the result of long years of indoctrination by Pravda, the organ of "truth" as the Soviet Communist Party creates it, by the Kremlin-controlled radio and other tools of thought control. So often and for so long have the Russian people heard such lies that they have become a matter of deep conviction.

If this still seems incomprehensible, consider the fact that some of the visitors to Russia reported they sometimes found themselves almost believing the half-truths and inventions they read in Russian newspapers simply because there was nothing by which they could be checked.

All this tends to re-emphasize the potential advantages in the relaxed exchange program which the U.S. and Russia have begun to promote more aggressively.

Russian visitors to the U.S. — either on self-financed tours or for official cultural and athletic events will see first-hand that many of the things they have been told about this country, its institutions and its "safe" Russians, who will not be relating what they have learned in street-corner speeches.

But person - to - person contact with "the enemy," particularly by people deemed by the Kremlin to be reliable, could quite possibly have unexpected results in unlikely places.

People have a way of believing what they see, brainwashed or not.

It Could Be A Crusade

Since his all-out support for the right to work (freedom of choice) amendment, Gov. O'Neill has taken off the gloves and is pulling no punches in his campaign for re-election.

In speeches at Canton the other day he made forceful statements — which he indicates he will repeat through the campaign—against corruption in labor unions as it is typified by James Hoffa and his ilk.

Gov. O'Neill's attack certainly is not a blanket indictment against unions. It is a valid criticism against the exploitation of union members who are helpless to extricate themselves from the clutches of the racketeers in their organizations who are obviously more interested in feathering their own nests than improving the lot of their members.

Labor racketeering, Gov. O'Neill said, "is the one blot, the one cloud, the one cancer in Ohio. We must erase this blot". He is confident that "the thousands of honest, hard-working labor men, just like other decent men who resent this abuse, will rise up and throw out racketeering in their own unions if given the chance with freedom from fear of retribution."

Gov. O'Neill has forcefully seized the initiative in a cause through which he can assert leadership and inspire confidence among the people of Ohio and generate enthusiasm in the whole statewide campaign.

He is campaigning in the best tradition of the late Robert A. Taft. Sen. Taft was an artful crusader for the causes in which he believed, and Ohioans loved him for it and voted for him in elections where other Republicans did not always fare as well as he.

Bill O'Neill's continuation of the crusade he launched in Canton could stimulate thousands of citizens throughout the state to rally behind him and his cause— a cause which is good in any event even in the less spectacular fields of good government, such as highway building, balanced budgets and sound admin-

You Call That Fun!

The recent story about regimented vacations in Russia must have been particularly shocking to Americans.

If we in this country resent anything any more than being told how to work, it is being told how to have fun.

The story by Beverly Deepe, an American student who toured Russia, was enough to persuade an American to forego his "vacation" under such circumstances.

With almost military discipline, Miss Deepe said, the Russians at the tourist base she visited were routed out of bed at 7 a.m. by the sound of the Russian national anthem. Then they had 10 minutes of outdoor calisthenics and a quick wash in a mountain stream before breakfast.

That would be enough to send most American workers back to their jobs.

And maybe it sends the Russians back to their jobs, too, just as the Communist leaders planned.

The Once Over

By H. I. Phillips

Once upon a time there was a very good public servant. He was able and dedicated. There wasn't a crooked hair in his head. But he got one of the roughest scalp treatments in history.

He was so upright it was glacial and bound to hurt. Nobody really distrusted him, but he was destined to be Target No. 1 for worried politicians. He frosted easily, was no back slapper and could never be found in a male quartet singing "Jolly good pals." This left him vulnerable in any cowboy posse pursuit.

BUT IT CAME TO PASS that, strangely enough, this firm stickler for hard facts was undone by Santa Claus and a species of Andes deer. The trouble was that he didn't write letters getting a direct statement on Santa like Virginia O'Hanlon did. And he was too polite to throw a vicuna overcoat in the face of an old friend who liked to kill the idea Christmas came but once a year.

The friend was a big businessman who didn't relish being told by secretaries that "Mr.-So-and-So is out to lunch and will be back next October." So he asked the man to facilitate contacts and avoid the "Don't call us; we'll call you" routine.

The man did so. Even Abe Lincoln used to do it, and if all the men in public life who did so were fired it would be necessary to enlarge all Washington emergency exits.

But politics is politics and the poor guy was run through the wringer, denounced, dehydrated and tossed in with the flatwork.

He was "clean as a hound's-tooth." But he had enemies who brushed aside dental reports. They made a vicuna coat and a Turkish rug bigger issues than Quemoy, Matsu, Nasser, atomic weapons, world peace, national survival and the President's personal work load. It was one situation not even Hammarskjold could have settled.

So the man resigned between the 6:40 news roundup and the 7 o'clock weather report.

Moral: As goes Maine so goes the vicuna crisis.

A T & T HIT A NEW HIGH the other day, on a split-up rumor, and it is one case where it could be said everything behind it is talk.

How would you like to win $25,000 with two baked apples as a starter? Mrs. Donald DeVault, Ohio housewife, did it in the annual Waldorf cooking contest. Her apple dumpling did the trick, and it was good to see this old-time dish to win. It used to be the backbone of dessert in the American home.

"Greyhound," greatest of trotters, is alive at 26 years. It was in 1935 that he won Hambletonian at Goshen but it seems only yesterday when we went to the classic with Frankie Graham and argued that a day would come when trotting races would be staged in New York, our prediction bringing guffaws from all train occupants overhearing it.

The Power Of Faith

By Howard Brodie

A well read Bible went to Moscow with Van Cliburn, the young pianist from Texas who, in winning the international Tchaikowsky contest, also won the hearts of thousands of Russians and Americans.

Van received not only technical training from his mother. "He was reared with faith from the cradle up," his father tells me.

The Van Cliburns have daily family devotionals. Before a performance in Buffalo, Van prayed with the conductor that God give them the power to make good music together.

"Without God, what could he do?" his father says. "Van never enters into anything without his faith."

Pickets Shuffle And Missiles Wait

By Victor Riesel

Although dawns come up like thunder out of China across the world these days, the turbulence has not drowned out the shuffling of pickets at a Hunts ville, Ala., Redstone Arsenal gate leading to five "critical" secret buildings.

Victor Riesel

For at least a month the hush - hush missile repair equipment, space research labs and special weapons - of - the future training facilities have been silent.

They were paralyzed by a strike of a Southern local of the International Brotherhood of Electrical Workers. At this moment the five critical buildings still are closed down, though Pentagon emissaries have been in Huntsville for some time.

Issues? The hell with issues. If men live by more than bread alone, at least the first law is to live.

That strike has, since Aug. 25, deadened facilities which may yet delay our first Intermediate Range Ballistic Missile crew from swinging into action.

Deadline for that action was, maybe still is, Dec. 31. By that time the Pentagon hoped to have the squadron overseas equipped for battle.

I do best by describing the five secret buildings which were shut down Aug. 25 by an IBEW organizing picket line which, in turn, kept 1,000 other technical workers out of the arsenal. There tremendous construction has been under way as we try to reach for the stars more swiftly than do the Soviets.

-:-

THE FIRST structure closed down is a repair, inspection and maintenance facility. It was due for completion last Sept. 15. The military people tell me that delay means the disruption of inspection and approval of missile equipment before it is shipped to overseas deplayment.

This means, according to the arsenal, that some critical elements of the operating missile system will have to be returned to this country for modification. In turn, this could well delay the "operational employment" of the nation's first Jupiter Intermediate Range Ballistic Missile Squadron.

In the second building is an interim-test stand for something called the Pershing missile system, which Army Engineer people aren't exactly anxious to unsecret. It was scheduled for completion for January of next year. The month has been lost to the Army Ballistic agencies. The Pentagon says it can't be recovered.

In the third structure is a "secret project which requires a component test laboratory." This was set for completion in October of next year. It is described as "an extremely critical research program now at a standstill."

-:-

THE FOURTH project has a guidance and control building system. The work stoppage "aggravated" an already delayed program to expand facilities for our space-probing program, that's all. Completion date was next August.

The fifth housed Jupiter missile sites scheduled for completion next week so new IRBM crews could be trained. Each day of delay is a day lost forever in training.

This strike grew out of the IBEW's anger over an electrical construction company known as Baroco. The feud began when the company hired non-union men. It spread from Pensacola to Huntsville and to a Bomarc launching site on Santa Rosa Island, Fla.

The other week the Huntsville Contractors Assn. appealed to the National Labor Relations Board, which moved swiftly into court. The judge told the strikers to quit picketing all gates but one, so 1,000 Huntsville workers could go through.

-:-

SPECIFICALLY the court ruled that the union had created a situation in which "there is imminent danger that substantial irreparable, immediate damage will unavoidably result to the Huntsville Contractors' Assn., to the national defense and to the policies of the National Labor Relations Act."

The Huntsville strike affected some 32 million dollars worth of construction at a very critical moment. There has been no determined effect at the Santa Rosa base yet.

The union, Local 558, struck because it wanted the Baroco company to hire union men.

Naturally the union would want this. But picketing $628,000 Baroco contract work on expansion of electric power at the arsenal could set a precedent which could snarl up missile sites across the land.

The other contractors were not involved. They had union agreements. Yet their people wouldn't report in because the IBEW was feuding with one company.

If we want to enjoy the luxury of democracy, we need be more solicitous about the weapons of its arsenals.

Letter To The Editor

The time has come for the people of the tri - state area to cooperate with each other for the welfare of everyone. We must join forces if we are to do any good for our community. We no longer can blame someone else for the slump we are in.

We cannot entirely blame the merchants for the amount of foreign products they have on their shelves. If the buying public will pay out good American wages for the cheap foreign products, the merchant will naturally restock a product with a fast turnover. It is up to the buying public to refuse to purchase these products, but it is also the duty of the merchant to discontinue sales.

It is true that many wage-earners cannot buy the better American-made product on their present wage without feeling the strain, but if they do so, eventually the strain will ease and as more and more American-made products go on the shelves their own wages will increase as an indirect result.

It is at this point that the merchant can aid his cause. If local merchants would place only American - made products on their shelves the buying public would be glad to buy. It is only when the difference in price is so evident between the foreign - made and American - made product that the low-scale wage earner will choose the cheaper product. He has a family and cannot be blamed for trying to stretch his small salary. The fact that his purchase will not last as long will not help him until it is too late.

We all agree that Americans should think of Amercia first and only by helping each other to the fullest extent can we maintain a decent standard of living for all. It is well known that our present standard of living has dropped, no matter what our government officials might say, and it is only by taking matters into our own hands that we can help raise the present standard so we can all benefit.

There's an old saying: "If you can't fight them — join them." We are asking all merchants and shoppers to join us in our fight against the foreign products being imported. We fell certain that with the full cooperation of each of you we could have a first rate community. Together we can build a richer and fuller life and help build a better community.

We are asking all merchants and purchasers to give us full cooperation in our campaign. We feel certain that with your cooperation by the end of a year the better standard of living we are hoping for will be a reality instead of a dream.

Our committee cannot carry out this campaign alone. We are doing this for the good of the tri-state area and with your cooperation we can accomplish our goal. Already across the nation other drives have started and just as their communities will profit from our campaigns ours will profit from theirs. We will, however, need your help to show the rest of America that we are with them.

We are heartened by the report that already many local merchants have promised their cooperation. They have taken, or are going to take, all foreign - made products off their shelves.

To those merchants we say: "Thank you!"

Law In Oklahoma

By David Lawrence

Congress Officially Granted Segregation

The mess of conflicting "legalities" in which the American people find themselves today over the integration question is best illustrated by the fact that in one state of the Union — namely, Oklahoma— it still is the "law of the land" to permit segregated public schools.

David Lawrence

This paradox comes about because the Congress of the United States in 1907 entered into a binding compact with the people of Oklahoma specifically permitting them to maintain white and colored schools, respectively.

The act of Congress, which was embodied in the Constitution of the State of Oklahoma and ratified by the people of that state, declared:

"That provisions shall be made for the establishment and maintenance of a system of public schools, which shall be open to all the children of said state and free from sectarian control; and said schools shall always be conducted in English: Provided, that nothing herein shall preclude the teaching of other languages in said public schools: And provided further, that this shall not be construed to prevent the establishment and maintenance of separate schools for white and colored children."

IT WILL BE noted that, at the same time this was passed by Congress and ratified by the people of the State of Oklahoma as a part of their constitution, it was specifically stipulated in the "enabling act" passed by Congress that the constitution of Oklahoma "shall make no distinction in civil or political rights on account of race or color."

Thus a differentiation was made between "Civil or political rights," on the one hand, and the rights involved in the maintenance of separate schools, on the other.

As late as June, 1950—four years before its decision overruling the "separate but equal" doctrine in a case involving state laws—the Supreme Court of the United States had an opportunity to declare this act of Congress invalid but did not do so.

The case before it concerned a Negro who had been admitted to a white college but who was given a desk apart from the other students, as provided by Oklahoma state law.

The Supreme Court said that, once admitted, a Negro had to be given equal treatment with the whites and that this state law violated the 14th Amendment.

The citizens of Oklahoma today can insist on the benefits given by a statute passed by Congress. The 14th Amendment, of course, does not restrict federal laws but applies solely to state laws.

It would be possible for some litigant to argue that, without any state laws on the subject, "separate but equal" educational facilities are still legal in the State of Oklahoma because they have been authorized by an act of Congress which has never been repealed and which has never been ruled invalid by the Supreme Court of the United States.

IT IS TRUE that an act of Congress was also involved in the District of Columbia case, decided on May 17, 1954, when segregation was condemned in local schools. But an act of Congress providing for the governing of a territory or a federal district is not the same thing as an act of Congress which deals with the admission of a state and its rights under a written constitution.

It will be suggested that the Supreme Court would simply say in such a new case that it is "unthinkable" for one state to be ruled by a federal law while the others are not.

Certainly from time to time the Supreme Court has insisted that the "enabling act" which creates a new state does not add or subtract "civil or political rights" from the state but places it in these respects on a footing equal to the other states of the Union.

Education, on the other hand, has not been held legally to be a "civil or political right" but the grant of a privilege within the discretion of a state.

There is, however, another question involved—namely, when Congress admits a new state to the Union and makes a binding contract with it, can the Supreme Court alter that contract?

Certainly if there is a constitutional amendment passed subsequent to the admission of a state to the Union, such recently admitted state would be subject to the new amendments to the Constitution.

It will be insisted that the same principle applies with respect to decisions which afterward "interpret" the Constitution.

The fallacy in this, however, lies in the fact that, if a Supreme Court decision can change the "law of the land" at any time and there is no such thing as "settled law," then all the property rights granted to new states by the federal government in connection with land specially reserved for the use of the states, or state funds derived from such lands, might be placed in jeopardy at any moment by a decision of the Supreme Court of the United States overturning the "enabling act" by which a state was admitted to the Union.

THE BASIC principle involved is—as Abraham Lincoln defined it —that, once there is a decision by the Supreme Court and it is affirmed and reaffirmed, it becomes what is known as "settled law."

It is being urged by noted jurists that there should be no further change made in the status of such rulings except through the method prescribed in the Constitution itself for amending that document.

In other words, the experience of Oklahoma indicates the need for a constitutional amendment which would clear up for all time whether the Supreme Court of the United States has the right to change the "settled law" of the land whenever the justices change or whenever their personal whims may influence them to reverse previous decisions.

There are at least 10 states in the Union which have inserted in their constitutions the wording of laws passed by Congress which specifically affirm the right of these states "forever" to retain "exclusive control" over their public school systems.

What does the phrase "exclusive control" mean now?

Does it mean that the states retain the right to decide which pupils shall enter their schools, or must they now submit their school rosters each term to federal judges to determine whether or not they have properly passed upon the qualifications of their students?

This is only one of many issues that will plague the federal courts for years to come, due to the action of the Supreme Court of the United States in overturning the existing system of handling "settled law" in the United States.

Science is slowly dispelling a mystery that has baffled mankind since prehistoric times: bird migration.

The seasonal flights of birds stimulated the interest of Homer, Aristotle and Biblical writers. No doubt migration interested men as long ago as 40,000 B.C., for as early as that men were painting and carving images of birds.

The 19th - century ornithologist John James Audubon may have been the first bird - bander. Curious to know whether phoebes that nested on his father's property in Pennsylvania returned to the same place year after year, he fastened tiny bracelets around the ankles of five nestlings. The next summer, three of the five were back at their old haunts.

Since Audubon's time, many scientists have studied migrations and reported amazing feats. A German investigator learned that captured starlings could find their way back to their nests from as far as 1,250 miles away. In another experiment, a shearwater taken from England to Boston reappeared at its nesting place in 12 days, having flown 3,000 miles across the Atlantic.

Racking their brains for an explanation, students of bird migration wondered if the creatures had a sixth sense. Speculation occasionally ranged into the realm of psychic phenomena.

Richard Nixon On His Own

Vice President Nixon Monday begins his campagning for Republican candidates in the fall elections. Established as perhaps the most capable GOP "stumper" on the national scene, he is being flooded with requests to expand his schedule beyond the 10 speeches in four states he originally planned.

Regardless of the number of "whistle stops" he makes before Nov. 4, it is certain that observers in both parties will be listening more closely than ever to what Richard M. Nixon has to say. For, more than ever before, he will be speaking for himself.

In a dozen years, the Californian has moved from obscurity to a commanding position in both politics and government by combining his own abilities with a series of unusual opportunities.

As political spokesman for President Eisenhower, he has become singularly seasoned—for his age — on the campaign trail, with thousands of miles and hundreds of speeches to his credit in the last three major election year.

He has more than once displayed a talent for turning political attack to advantage, the memorable highlight being his explanation of a private campaign fund in the heat of the 1952 contest.

Through the desire of his boss and his own ambition he has bestowed unprecedented prestige and significance upon his office, which previously had been thought of primarily as a "graveyard for political careers."

Yet in all this, Mr. Nixon has been looked upon chiefly as the "salesman" for Mr. Eisenhower's administrative policies and for the Republican Party's platform. This is the logical year for him to break away from that reputation.

He heralded the break, perhaps, with his speech earlier this month advocating an easing of taxes on business and revision of income tax rates. The vice president made it clear he was speaking as his own man. He offered his proposals "not as administration policy," but as measures "that should have top priority for consideration by the administration and by the Congress at its next session."

If that is an indication, Richard Nixon — who has been termed by one of his harsher critics as "indifferent to doctrine" — can be expected to use his coming campaign efforts for a conscious statement of personal principle that would be the basis for his candidacy for top office two years hence.

Believing What They See

Reports by some of the nearly 3,000 Americans who have paid unofficial visits to the Soviet Union this year shed a little light on a question that perplexes most of us: Do the Russians actually believe the "horror" stories they hear about the United States?

The tourists who have been interviewed after their return from Russia have been unanimous in praising the friendliness of the Russians and affirming their avid interest in all things American. All found people asking eager questions about the U.S. Frequently there were good-sized crowds listening to their responses.

But it was obvious some answers left the inquirers unconvinced. They persisted in believing that thousands starve on the streets of New York, that all Negroes in the South are mistreated, that American "ruling classes" are determined to have war.

This is the result of long years of indoctrination by Pravda, the organ of "truth" as the Soviet Communist Party creates it, by the Kremlin-controlled radio and other tools of thought control. So often and for so long have the Russian people heard such lies that they have become a matter of deep conviction.

If this still seems incomprehensible, consider the fact that some of the visitors to Russia reported they sometimes found themselves almost believing the half-truths and inventions they read in Russian newspapers simply because there was nothing by which they could be checked.

All this tends to re-emphasize the potential advantages in the relaxed exchange program which the U.S. and Russia have begun to promote more aggressively.

Russian visitors to the U.S. — either on self-financed tours or for official cultural and athletic events will see first-hand that many of the things they have been told about this country, its institutions and its "safe" Russians, who will not be relating what they have learned in street-corner speeches.

But person - to - person contact with "the enemy," particularly by people deemed by the Kremlin to be reliable, could quite possibly have unexpected results in unlikely places.

People have a way of believing what they see, brainwashed or not.

It Could Be A Crusade

Since his all-out support for the right to work (freedom of choice) amendment, Gov. O'Neill has taken off the gloves and is pulling no punches in his campaign for re-election.

In speeches at Canton the other day he made forceful statements — which he indicates he will repeat through the campaign—against corruption in labor unions as it is typified by James Hoffa and his ilk.

Gov. O'Neill's attack certainly is not a blanket indictment against unions. It is a valid criticism against the exploitation of union members who are helpless to extricate themselves from the clutches of the racketeers in their organizations who are obviously more interested in feathering their own nests than improving the lot of their members.

Labor racketeering, Gov. O'Neill said, "is the one blot, the one cloud, the one cancer in Ohio. We must erase this blot". He is confident that "the thousands of honest, hard-working labor men, just like other decent men who resent this abuse, will rise up and throw out racketeering in their own unions if given the chance with freedom from fear of retribution."

Gov. O'Neill has forcefully seized the initiative in a cause through which he can assert leadership and inspire confidence among the people of Ohio and generate enthusiasm in the whole statewide campaign.

He is campaigning in the best tradition of the late Robert A. Taft. Sen. Taft was an artful crusader for the causes in which he believed, and Ohioans loved him for it and voted for him in elections where other Republicans did not always fare as well as he.

Bill O'Neill's continuation of the crusade he launched in Canton could stimulate thousands of citizens throughout the state to rally behind him and his cause— a cause which is good in any event even in the less spectacular fields of good government, such as highway building, balanced budgets and sound admin-

You Call That Fun!

The recent story about regimented vacations in Russia must have been particularly shocking to Americans.

If we in this country resent anything any more than being told how to work, it is being told how to have fun.

The story by Beverly Deepe, an American student who toured Russia, was enough to persuade an American to forego his "vacation" under such circumstances.

With almost military discipline, Miss Deepe said, the Russians at the tourist base she visited were routed out of bed at 7 a.m. by the sound of the Russian national anthem. Then they had 10 minutes of outdoor calisthenics and a quick wash in a mountain stream before breakfast.

That would be enough to send most American workers back to their jobs.

And maybe it sends the Russians back to their jobs, too, just as the Communist leaders planned.

The Once Over

By H. I. Phillips

Once upon a time there was a very good public servant. He was able and dedicated. There wasn't a crooked hair in his head. But he got one of the roughest scalp treatments in history.

He was so upright it was glacial and bound to hurt. Nobody really distrusted him, but he was destined to be Target No. 1 for worried politicians. He frosted easily, was no back slapper and could never be found in a male quartet singing "Jolly good pals." This left him vulnerable in any cowboy posse pursuit.

BUT IT CAME TO PASS that, strangely enough, this firm stickler for hard facts was undone by Santa Claus and a species of Andes deer. The trouble was that he didn't write letters getting a direct statement on Santa like Virginia O'Hanlon did. And he was too polite to throw a vicuna overcoat in the face of an old friend who liked to kill the idea Christmas came but once a year.

The friend was a big businessman who didn't relish being told by secretaries that "Mr.-So-and-So is out to lunch and will be back next October." So he asked the man to facilitate contacts and avoid the "Don't call us; we'll call you" routine.

The man did so. Even Abe Lincoln used to do it, and if all the men in public life who did so were fired it would be necessary to enlarge all Washington emergency exits.

But politics is politics and the poor guy was run through the wringer, denounced, dehydrated and tossed in with the flatwork.

He was "clean as a hound's-tooth." But he had enemies who brushed aside dental reports. They made a vicuna coat and a Turkish rug bigger issues than Quemoy, Matsu, Nasser, atomic weapons, world peace, national survival and the President's personal work load. It was one situation not even Hammarskjold could have settled.

So the man resigned between the 6:40 news roundup and the 7 o'clock weather report.

Moral: As goes Maine so goes the vicuna crisis.

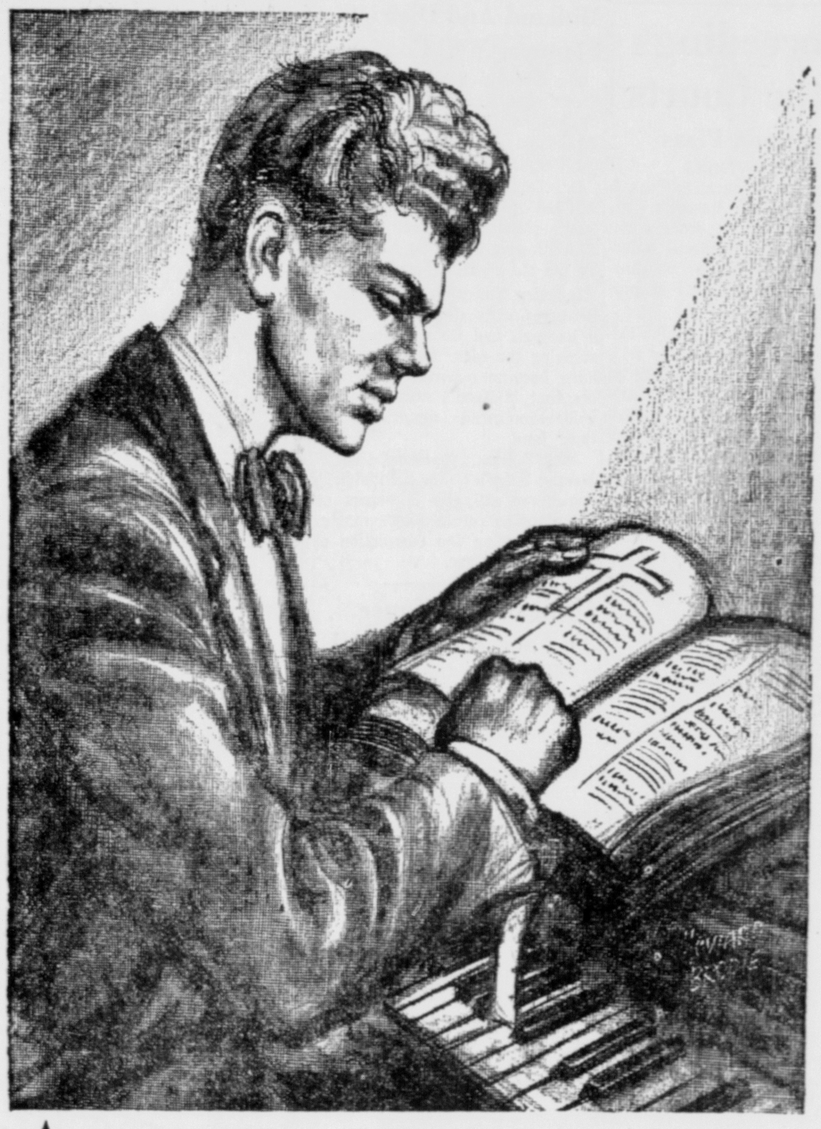

A T & T HIT A NEW HIGH the other day, on a split-up rumor, and it is one case where it could be said everything behind it is talk.

How would you like to win $25,000 with two baked apples as a starter? Mrs. Donald DeVault, Ohio housewife, did it in the annual Waldorf cooking contest. Her apple dumpling did the trick, and it was good to see this old-time dish to win. It used to be the backbone of dessert in the American home.

"Greyhound," greatest of trotters, is alive at 26 years. It was in 1935 that he won Hambletonian at Goshen but it seems only yesterday when we went to the classic with Frankie Graham and argued that a day would come when trotting races would be staged in New York, our prediction bringing guffaws from all train occupants overhearing it.

The Power Of Faith

By Howard Brodie

A well read Bible went to Moscow with Van Cliburn, the young pianist from Texas who, in winning the international Tchaikowsky contest, also won the hearts of thousands of Russians and Americans.

Van received not only technical training from his mother. "He was reared with faith from the cradle up," his father tells me.

The Van Cliburns have daily family devotionals. Before a performance in Buffalo, Van prayed with the conductor that God give them the power to make good music together.

"Without God, what could he do?" his father says. "Van never enters into anything without his faith."

Pickets Shuffle And Missiles Wait

By Victor Riesel

Although dawns come up like thunder out of China across the world these days, the turbulence has not drowned out the shuffling of pickets at a Huntsville, Ala., Redstone Arsenal gate leading to five "critical" secret buildings.

Victor Riesel

For at least a month the hush - hush missile repair equipment, space research labs and special weapons - of - the future training facilities have been silent.

They were paralyzed by a strike of a Southern local of the International Brotherhood of Electrical Workers. At this moment the five critical buildings still are closed down, though Pentagon emissaries have been in Huntsville for some time.

Issues? The hell with issues. If men live by more than bread alone, at least the first law is to live.

That strike has, since Aug. 25, deadened facilities which may yet delay our first Intermediate Range Ballistic Missile crew from swinging into action.

Deadline for that action was, maybe still is, Dec. 31. By that time the Pentagon hoped to have the squadron overseas equipped for battle.

I do best by describing the five secret buildings which were shut down Aug. 25 by an IBEW organizing picket line which, in turn, kept 1,000 other technical workers out of the arsenal. There tremendous construction has been under way as we try to reach for the stars more swiftly than do the Soviets.

-:-

THE FIRST structure closed down is a repair, inspection and maintenance facility. It was due for completion last Sept. 15. The military people tell me that delay means the disruption of inspection and approval of missile equipment before it is shipped to overseas deplayment.

This means, according to the arsenal, that some critical elements of the operating missile system will have to be returned to this country for modification. In turn, this could well delay the "operational employment" of the nation's first Jupiter Intermediate Range Ballistic Missile Squadron.

In the second building is an interim-test stand for something called the Pershing missile system, which Army Engineer people aren't exactly anxious to unsecret. It was scheduled for completion for January of next year. The month has been lost to the Army Ballistic agencies. The Pentagon says it can't be recovered.

In the third structure is a "secret project which requires a component test laboratory." This was set for completion in October of next year. It is described as "an extremely critical research program now at a standstill."

-:-

THE FOURTH project has a guidance and control building system. The work stoppage "aggravated" an already delayed program to expand facilities for our space-probing program, that's all. Completion date was next August.

The fifth housed Jupiter missile sites scheduled for completion next week so new IRBM crews could be trained. Each day of delay is a day lost forever in training.

This strike grew out of the IBEW's anger over an electrical construction company known as Baroco. The feud began when the company hired non-union men. It spread from Pensacola to Huntsville and to a Bomarc launching site on Santa Rosa Island, Fla.

The other week the Huntsville Contractors Assn. appealed to the National Labor Relations Board, which moved swiftly into court. The judge told the strikers to quit picketing all gates but one, so 1,000 Huntsville workers could go through.

-:-

SPECIFICALLY the court ruled that the union had created a situation in which "there is imminent danger that substantial irreparable, immediate damage will unavoidably result to the Huntsville Contractors' Assn., to the national defense and to the policies of the National Labor Relations Act."

The Huntsville strike affected some 32 million dollars worth of construction at a very critical moment. There has been no determined effect at the Santa Rosa base yet.

The union, Local 558, struck because it wanted the Baroco company to hire union men.

Naturally the union would want this. But picketing $628,000 Baroco contract work on expansion of electric power at the arsenal could set a precedent which could snarl up missile sites across the land.

The other contractors were not involved. They had union agreements. Yet their people wouldn't report in because the IBEW was feuding with one company.

If we want to enjoy the luxury of democracy, we need be more solicitous about the weapons of its arsenals.

Letter To The Editor

The time has come for the people of the tri - state area to cooperate with each other for the welfare of everyone. We must join forces if we are to do any good for our community. We no longer can blame someone else for the slump we are in.

We cannot entirely blame the merchants for the amount of foreign products they have on their shelves. If the buying public will pay out good American wages for the cheap foreign products, the merchant will naturally restock a product with a fast turnover. It is up to the buying public to refuse to purchase these products, but it is also the duty of the merchant to discontinue sales.

It is true that many wage-earners cannot buy the better American-made product on their present wage without feeling the strain, but if they do so, eventually the strain will ease and as more and more American-made products go on the shelves their own wages will increase as an indirect result.

It is at this point that the merchant can aid his cause. If local merchants would place only American - made products on their shelves the buying public would be glad to buy. It is only when the difference in price is so evident between the foreign - made and American - made product that the low-scale wage earner will choose the cheaper product. He has a family and cannot be blamed for trying to stretch his small salary. The fact that his purchase will not last as long will not help him until it is too late.

We all agree that Americans should think of Amercia first and only by helping each other to the fullest extent can we maintain a decent standard of living for all. It is well known that our present standard of living has dropped, no matter what our government officials might say, and it is only by taking matters into our own hands that we can help raise the present standard so we can all benefit.

There's an old saying: "If you can't fight them — join them." We are asking all merchants and shoppers to join us in our fight against the foreign products being imported. We fell certain that with the full cooperation of each of you we could have a first rate community. Together we can build a richer and fuller life and help build a better community.

We are asking all merchants and purchasers to give us full cooperation in our campaign. We feel certain that with your cooperation by the end of a year the better standard of living we are hoping for will be a reality instead of a dream.

Our committee cannot carry out this campaign alone. We are doing this for the good of the tri-state area and with your cooperation we can accomplish our goal. Already across the nation other drives have started and just as their communities will profit from our campaigns ours will profit from theirs. We will, however, need your help to show the rest of America that we are with them.

We are heartened by the report that already many local merchants have promised their cooperation. They have taken, or are going to take, all foreign - made products off their shelves.

To those merchants we say: "Thank you!"

Law In Oklahoma

By David Lawrence

Congress Officially Granted Segregation

The mess of conflicting "legalities" in which the American people find themselves today over the integration question is best illustrated by the fact that in one state of the Union — namely, Oklahoma— it still is the "law of the land" to permit segregated public schools.

David Lawrence

This paradox comes about because the Congress of the United States in 1907 entered into a binding compact with the people of Oklahoma specifically permitting them to maintain white and colored schools, respectively.

The act of Congress, which was embodied in the Constitution of the State of Oklahoma and ratified by the people of that state, declared:

"That provisions shall be made for the establishment and maintenance of a system of public schools, which shall be open to all the children of said state and free from sectarian control; and said schools shall always be conducted in English: Provided, that nothing herein shall preclude the teaching of other languages in said public schools: And provided further, that this shall not be construed to prevent the establishment and maintenance of separate schools for white and colored children."

IT WILL BE noted that, at the same time this was passed by Congress and ratified by the people of the State of Oklahoma as a part of their constitution, it was specifically stipulated in the "enabling act" passed by Congress that the constitution of Oklahoma "shall make no distinction in civil or political rights on account of race or color."

Thus a differentiation was made between "Civil or political rights," on the one hand, and the rights involved in the maintenance of separate schools, on the other.

As late as June, 1950—four years before its decision overruling the "separate but equal" doctrine in a case involving state laws—the Supreme Court of the United States had an opportunity to declare this act of Congress invalid but did not do so.

The case before it concerned a Negro who had been admitted to a white college but who was given a desk apart from the other students, as provided by Oklahoma state law.

The Supreme Court said that, once admitted, a Negro had to be given equal treatment with the whites and that this state law violated the 14th Amendment.

The citizens of Oklahoma today can insist on the benefits given by a statute passed by Congress. The 14th Amendment, of course, does not restrict federal laws but applies solely to state laws.

It would be possible for some litigant to argue that, without any state laws on the subject, "separate but equal" educational facilities are still legal in the State of Oklahoma because they have been authorized by an act of Congress which has never been repealed and which has never been ruled invalid by the Supreme Court of the United States.

IT IS TRUE that an act of Congress was also involved in the District of Columbia case, decided on May 17, 1954, when segregation was condemned in local schools. But an act of Congress providing for the governing of a territory or a federal district is not the same thing as an act of Congress which deals with the admission of a state and its rights under a written constitution.

It will be suggested that the Supreme Court would simply say in such a new case that it is "unthinkable" for one state to be ruled by a federal law while the others are not.

Certainly from time to time the Supreme Court has insisted that the "enabling act" which creates a new state does not add or subtract "civil or political rights" from the state but places it in these respects on a footing equal to the other states of the Union.

Education, on the other hand, has not been held legally to be a "civil or political right" but the grant of a privilege within the discretion of a state.

There is, however, another question involved—namely, when Congress admits a new state to the Union and makes a binding contract with it, can the Supreme Court alter that contract?

Certainly if there is a constitutional amendment passed subsequent to the admission of a state to the Union, such recently admitted state would be subject to the new amendments to the Constitution.

It will be insisted that the same principle applies with respect to decisions which afterward "interpret" the Constitution.

The fallacy in this, however, lies in the fact that, if a Supreme Court decision can change the "law of the land" at any time and there is no such thing as "settled law," then all the property rights granted to new states by the federal government in connection with land specially reserved for the use of the states, or state funds derived from such lands, might be placed in jeopardy at any moment by a decision of the Supreme Court of the United States overturning the "enabling act" by which a state was admitted to the Union.

THE BASIC principle involved is—as Abraham Lincoln defined it—that, once there is a decision by the Supreme Court and it is affirmed and reaffirmed, it becomes what is known as "settled law."

It is being urged by noted jurists that there should be no further change made in the status of such rulings except through the method prescribed in the Constitution itself for amending that document.

In other words, the experience of Oklahoma indicates the need for a constitutional amendment which would clear up for all time whether the Supreme Court of the United States has the right to change the "settled law" of the land whenever the justices change or whenever their personal whims may influence them to reverse previous decisions.

There are at least 10 states in the Union which have inserted in their constitutions the wording of laws passed by Congress which specifically affirm the right of these states "forever" to retain "exclusive control" over their public school systems.

What does the phrase "exclusive control" mean now?

Does it mean that the states retain the right to decide which pupils shall enter their schools, or must they now submit their school rosters each term to federal judges to determine whether or not they have properly passed upon the qualifications of their students?

This is only one of many issues that will plague the federal courts for years to come, due to the action of the Supreme Court of the United States in overturning the existing system of handling "settled law" in the United States.

HUMANITY CALLING
By
SR. MAJOR WILLIAM MURTAUGH
Of
THE SALVATION ARMY

National Sunday School Week

"Train up a child in the way he should go: and when he is old, he will not depart from it." Proverbs 22:6.

The mission of the Church in the world today is more challenging than it has ever been in the history of mankind.

With counter attractions galore in this generation and inherent selfish instincts that make us "lovers of pleasures more than of God", it takes a mightily endued spiritual ministry and task force reaching out constantly to bring souls into a state of "God-consciousness."

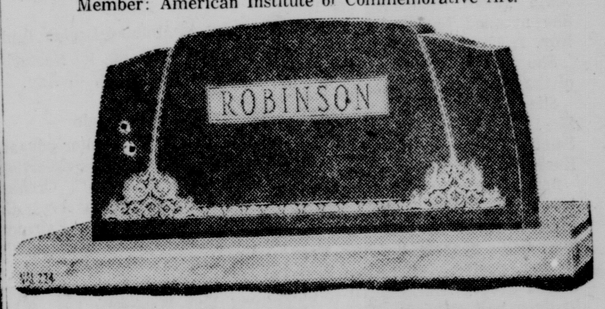

An important factor in the structure of the Church is the Sunday School, where a sincere effort is made to rear our children in the admonition and nuture of the Lord. that they might grow in grace and knowledge of the Divine.

The field is white unto the harvest, and actually there is no rivalry between denominations for many helping hands are needed to bring in the unchurched and unschooled, as far as the things of God are concerned.

There is much resource material available for teaching visually and otherwise, but workers are needed to interpret it to the children.

May teachers get a renewed vision of their opportunities to minister and may all realize the privilege of attending a Sunday School as a bulwark in the building of character for victorious living in the present world, and in preparation for life eternal.

Member: American Institute of Commemorative Art.

Pulpit Series Set At Chester

Home To Be Theme For First Christians

A special series of sermons on the theme, "Building Bible Homes for Christ," will be given at the Sunday evening services at the First Christian Church in Chester, beginning tomorrow at 7:30. They will continue for four weeks. The Rev. Earliss D. Gleaton, minister, will be in charge.

"The family unit is the specific basis for the development of Christian character, and when there is a lack of the proper teaching, guidance and influence in the home, parents fail to exercise one of their great opportunities for spiritual and moral development," he said, explaining the choice of theme for the series.

Sermon topics throughout the four weeks are:

Sunday — "How to be Happy Though You Are Married;" Oct. 5 — "Home: Preview of Heaven or a Miniature Hell;" Oct. 12 — "Bosses In the Home," and Oct. 19 — "God's Message to Husbands And Wives of Today."

Rev. Gleaton will speak on "God's Name Shall Be Great" for the 9:45 a. m. service.

"How Sweet Is His Love" will be sung by a sextet, Thea McSwegin, Joyce Staley, Doris Bourne, Judy House, Carly Pruden and Mrs. Harold Ossman. The anthem will be "Something for Thee."

For the evening service, Glenna Gleaton will sing "I Want to be a Christian," and Elmer Kell and William Moon will sing a duet, "A Closer Walk With Thee."

Patty Moore and Patty Kennedy will sing "Suppertime." Harold Staley, Elmer Kell, Paul Barnhart and James Staley will sing "Beyond the Sunset."

HUMANITY CALLING
By
SR. MAJOR WILLIAM MURTAUGH
Of
THE SALVATION ARMY

National Sunday School Week

"Train up a child in the way he should go: and when he is old, he will not depart from it." Proverbs 22:6.

The mission of the Church in the world today is more challenging than it has ever been in the history of mankind.

With counter attractions galore in this generation and inherent selfish instincts that make us "lovers of pleasures more than of God", it takes a mightily endued spiritual ministry and task force reaching out constantly to bring souls into a state of "God-consciousness."

An important factor in the structure of the Church is the Sunday School, where a sincere effort is made to rear our children in the admonition and nuture of the Lord. that they might grow in grace and knowledge of the Divine.

The field is white unto the harvest, and actually there is no rivalry between denominations for many helping hands are needed to bring in the unchurched and unschooled, as far as the things of God are concerned.

There is much resource material available for teaching visually and otherwise, but workers are needed to interpret it to the children.

May teachers get a renewed vision of their opportunities to minister and may all realize the privilege of attending a Sunday School as a bulwark in the building of character for victorious living in the present world, and in preparation for life eternal.

Member: American Institute of Commemorative Art.

To: Bobby's Church School Teacher
From: Bobby's Parents

"You're O.K."

That's the highest praise in our Bobby's vocabulary!

You must be as busy as we are . . . keeping house, raising a family, meeting all the challenges of parenthood.

Yet you volunteered to teach a dozen boisterous boys the great truths of Christianity.

You sacrifice hours every week . . . in preparation, in prayer, in patience.

But, because you are part of the Church—the one institution which lives to serve God and man—we have taken you for granted.

We'll be at worship next Sunday. Bobby wants us there. And seeing what the Church means to him, we want the same spiritual foundation for our own lives.

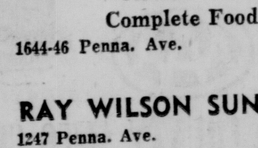

Thank you! We marvel at all you have done for Bobby without our help and example. How much more we will accomplish together . . . Bobby's parents, Bobby's teacher, and OUR God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

To: Bobby's Church School Teacher

From: Bobby's Parents

"You're O.K."

That's the highest praise in our Bobby's vocabulary!

You must be as busy as we are . . . keeping house, raising a family, meeting all the challenges of parenthood.

Yet you volunteered to teach a dozen boisterous boys the great truths of Christianity.

You sacrifice hours every week . . . in preparation, in prayer, in patience.

But, because you are part of the Church—the one institution which lives to serve God and man—we have taken you for granted.

We'll be at worship next Sunday. Bobby wants us there. And seeing what the Church means to him, we want the same spiritual foundation for our own lives.

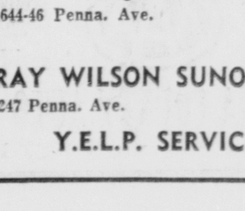

Thank you! We marvel at all you have done for Bobby without our help and example. How much more we will accomplish together . . . Bobby's parents, Bobby's teacher, and OUR God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

6 Million Christians Reported In Land Of Moslem Indonesia

By DAVID LANCASHIRE

JAKARTA, Indonesia (AP) — Christianity, brought to this Moslem land by the colonial Dutch and Portuguese, has not only survived the demise of Western rule, it is on the increase.

The Indonesian Ministry of Religious Affairs reports there were less than 4½ million Christians in the island nation when independence was achieved in 1950. Now there are about six million.

Leaders of the 3½ million Protestants and 2½ million Roman Catholics in the land of 75 million Moslems advance several reasons for the increase.

When the Dutch left Indonesia to go its independent way, the Christian churches began putting emphasis on the training and development of native Indonesian church leaders and clergymen.

"They immediately brought the church closer to the people," says the Rev. Simon Marantika of the National Council of Churches.

When the newly independent government first took steps to spread education among the 3,000 islands, it found the best schools in the country were run by Christian missions. Many students adopted Christianity with their education.

"Also," adds the Rev. Mr. Marantika, "there had been a great deal of unrest in the country and some have come to Christianity as a sort of a sanctuary."

Much of the unrest has been caused by the Darul Islams, a sect of Moslems who have waged bloody warfare for eight years to press their demand for a theocratic Moslem state.

"They are not working against Christianity in particular," says the Rev. W. B. Johnson of the American Southern Baptist Mission, a North Carolinian who came to Indonesia after 39 years in China. "They are against everyone."

Since Darul Islam activity began, the community of 70,000 Christians in central Celebes has swelled to 150,000 as villagers adopted Christianity in opposition to terrorists.

Its leaders feel Christianity will continue to grow as the country develops.

"At one time, to become Christian was to become Dutch," says the Rev. Mr. Marantika. "But now it has become fully accepted and integrated. With the increase in Indonesian workers, Christianity is no longer felt to be a thing of the West."

Priest Turns To Music With Disarming Wit

HONOLULU (AP) — A Catholic priest has turned to the music business with disarming wit.

Plugging an album of songs by a teenage choir he directs, Father John McDonald wrote in a circular letter:

"The enclosed brochure is somewhat flamboyant, but readable. Because I composed it, it is to be suspected of bias — to say the least."

Osteopath New Head Of Lisbon Kiwanians

LISBON — Dr. Raymond H. Weaver, O.D., was elected president of the Kiwanis Club Thursday; William F. Wright Jr., first vice president, and Twing Hiscox, second vice president.

New members of the Board of Directors are Edwin Goodballet, Robert Lower, Ed Ward, Joe Wojtecki and Pete Gallo.

Officers will be installed Jan. 1.

County Scouts Plan Pageant

100 Demonstrations Set For Oct. 4 Event

LISBON—Over 100 demonstrations and displays will be featured at the Columbiana Boy Scout Council's "Scouting's Big Show to be given Saturday, Oct. 4 at the Lisbon Fairgrounds.

A large crowd is expected to see the Boy Schout Troops, Cub Scout Packs and Explorer Posts in the presentation of the overall scouting program starting at 2 p. m.

A pageant will follow in the evening at 8 with a cast of nearly 100 youths from the various units.

The County Fair-type of booth displays will include demonstrations of many of the 108 merit badges scouts and explorers may earn, and the tenderfoot, second class and first class requirements.

The Cub Scouts will be demonstrating their monthly program activities and their bob cat bear, wolf and lion requirements.

The public will, for the first time, be able to observe just what boys in scouting and cubbing do in their advancement program, sponsors said.

In the next few days, scouts, explorers and cubs will be selling tickets in all communities. Proceeds from the show are to be divided between the local units to purchase needed camping equipment and the remainder for the expenses of the show.

2 Wait Hearings In Chester Court

Two motorists will get hearings tonight at 8 before Chester Mayor Burton Ward, who fined the two Friday night for speeding.

Leonard D. Palmer of Cleveland posted $15.50 bond for hazardous driving. He was cited Friday afternoon by Police Chief Floyd Lyons after his sedan collided with a car driven by David H. Fout of Chester at the intersection of Route 30 and Lawrenceville Rd. Damage was slight.

Robert D. Stoops of Glen Willard, Pa., posted $50.50 on a charge of spilling oil on Carolina Ave. Driving a Coastal Tank Co., truck, he was cited by Patrolman Harold Davis.

Marshall Staubs of Charles Town and Donald Aaron of Florida Ave. were fined $10 and costs each and Ruth Cline, 515 Jefferson St., Newell, forfeited $15.50, for speeding in a 25 - mile zone. They were cited Sunday on Pennsylvania Ave. by Patrolman Davis, who checked them by radar at 34 miles - per - hour each. The men pleaded guilty.

Green Pastures Dinner Will Be Held Nov. 20

LISBON—The Columbiana green pastures committee met Thursday night and planned the annual banquet to be held Thursday, Nov. 20. The place and speaker will be announced later.

This will be the final event of the green pastures project which has been underway about seven years. Any persons who have had extensive reseeding and treatment of pasture land are asked to contact the extension office at once.

Those who have completed pasture improvement programs will receive awards at the banquet, according to Floyd Lower, county extension agent.

Wellsville Kiwanians To Entertain Teachers

The Wellsville Kiwanis Club will hold its annual reception for teachers in the city schools Tuesday, Oct. 14.

No place has been set for the event.

The Key Club of Wellsville High School, sponsored by the Kiwanis, has elected new officers. They include Ron Kampfer, president; Bill Winland, vice president; Kurt Schneidmiller, secretary, and George McCready, treasurer.

The Kiwanians will meet Tuesday at 6:30 p. m. at Meade's Restaurant.

Band Attends Game As Parade Prelude

The Salineville High School band, with James Wadowick, director, performed at Salineville's game with Beaver Local High School at Beaver field this afternoon.

The musicians were to have supper tonight at Heck's Restaurant at Columbiana before appearing in the Lisbon Lions Club festival parade.

Ford Facility Will Resume

Accord Reached At Plant In Cincinnati

CINCINNATI (AP) — Maintenance and tool room employes moved back into Ford Motor Co.'s two transmission plants near here Friday after negotiators reached a contract settlement.

About 300 workers, with union permission, started setting up the plant for renewed production — possibly by Monday — in anticipation that United Auto Workers union men at the plant would approve the proposed agreement.

The agreement was reached Friday afternoon in Detroit where officials of Cincinnati Local 863 had gone to confer with union leaders on the general Ford contract, concluded 10 days ago.

Issues of wages and classification were settled early here, but a seniority dispute held up a settlement

Ford's hardware plant at Sandusky is back in normal operation today following ratification of an agreement on local issues.

The plant employs 1,400 production employes. The return to work began Friday night.

In Lorain, Ford's passenger car assembly operations will be halted Monday because of a shortage of parts caused by strikes at other plants. About 700 workers will be laid off. A similar number will remain on duty to assemble trucks.

State Not Interested In Buying County Lake

LISBON — Col. Herbert W. Eagon, director of resources for Ohio, who inspected various lakes and wildlife areas in the county a few weeks ago, has advised Rep. Clarence L. Wetzel the state is not interested in purchasing Lake Placentia.

He said too many private lots border the lake, preventing free access.

He also told Rep. Wetzel the 150-foot long sectional building on the Ismond farm in Washington Township will be retained for the new lake to be developed. Volunteer firemen of Washington Township had wanted the building to house their fire fighting equipment but the state will use it for storing equipment and supplies.

Wetzel said the state has taken an option on 180-acre farm belonging to Mr. and Mrs. Walter Guess. The farm is northeast of state-owned Zepernick's Lake on Route 172.

Wetzel said Henry Hall, new land title chief, has completed arrangements to obtain the last nine acres needed for the Highland-town Lake area near Wellsville. It will cover 130 acres when completed.

Non-Tax-Paying Pacifist Bound To Federal Jury

CINCINNATI (AP) — The Rev. Maurice McCracken, non-tax-paying pacificist who once had to be carried bodily into federal court, was bound to the federal grand jury on a misdemeanor charge Friday.

The minister, who scheduled a prayer meeting instead of showing up for his hearing, promptly announced he is starting an indefinite fast.

The charge, a relatively new legal tool of the Internal Revenue Service, is failure to answer a summons to talk over his taxes.

The Rev. Mr. McCrackin, who says he is protesting armament spending by not paying most of his taxes, was lugged into the first hearing, Sept. 12, by court aides after he declined to go with them.

But in Friday's action, before U.S. Commissioner Graham P. Hunt, the minister said earlier in the day he would not attend and federal officials proceeded without him.

The charge carries a maximum penalty of a one-year term or a $1,000 fine or both. The conferences with tax officials involve 1955 and 1956 taxes.

The Rev. Mr. McCrackin is pastor of West Cincinnati - St. Barnabas Episcopal - Presbyterian Church. He is also director of Findlay Street Neighborhood House.

Parade Tonight To End Lisbon Fall Festival

LISBON — A parade tonight at 7:30 will wind up the Lions Club fall festival that began Thursday.

Participating will be Lisbon, Leetonia, United Local and Salineville high school bands, the VFW drill squad, Gladettes and Motorcycle Club of Salem, Ke-Mac Saddle Club, Boy Scouts and Girl Scouts, fire trucks and Civilian Defense equipment and floats.

Miss Shirley Conn, 17, queen, will lead the procession. Daughter of Mr. and Mrs. Ralph Conn, 311 Pritchard Ave., she was crowned Thursday night by her sister, Doris, last year's queen.

Others in the court will be runnersup, Frances Flugan, Donna Meeks and Paula Zellars.

A kiddies matinee was to be held this afternoon.

Cleveland Man Shot To Death In Argument

CLEVELAND (AP) — Charles Marshall, 25, was shot to death early today by a special policeman at a bar.

Police identified the officer as Elbert Gilliam, 54, who was treated at Forest City Hospital for a six-inch cut on the left side.

Gilliam, a special officer at the Cafe Tia Juana, told police he ordered Marshall and several other patrons out of the bar following an argument and as they went out Marshall slashed him. Gilliam then fired two shots from his .38 service revolver, he said. One shot went wild and the other hit Marshall in the chest.

County Scouts Plan Pageant

100 Demonstrations Set For Oct. 4 Event

LISBON—Over 100 demonstrations and displays will be featured at the Columbiana Boy Scout Council's "Scouting's Big Show to be given Saturday, Oct. 4 at the Lisbon Fairgrounds.

A large crowd is expected to see the Boy Schout Troops, Cub Scout Packs and Explorer Posts in the presentation of the overall scouting program starting at 2 p. m.

A pageant will follow in the evening at 8 with a cast of nearly 100 youths from the various units.

The County Fair-type of booth displays will include demonstrations of many of the 108 merit badges scouts and explorers may earn, and the tenderfoot, second class and first class requirements.

The Cub Scouts will be demonstrating their monthly program activities and their bob cat bear, wolf and lion requirements.

The public will, for the first time, be able to observe just what boys in scouting and cubbing do in their advancement program, sponsors said.

In the next few days, scouts, explorers and cubs will be selling tickets in all communities. Proceeds from the show are to be divided between the local units to purchase needed camping equipment and the remainder for the expenses of the show.

2 Wait Hearings In Chester Court

Two motorists will get hearings tonight at 8 before Chester Mayor Burton Ward, who fined the two Friday night for speeding.

Leonard D. Palmer of Cleveland posted $15.50 bond for hazardous driving. He was cited Friday afternoon by Police Chief Floyd Lyons after his sedan collided with a car driven by David H. Fout of Chester at the intersection of Route 30 and Lawrenceville Rd. Damage was slight.

Robert D. Stoops of Glen Willard, Pa., posted $50.50 on a charge of spilling oil on Carolina Ave. Driving a Coastal Tank Co., truck, he was cited by Patrolman Harold Davis.

Marshall Staubs of Charles Town and Donald Aaron of Florida Ave. were fined $10 and costs each and Ruth Cline, 515 Jefferson St., Newell, forfeited $15.50, for speeding in a 25 - mile zone. They were cited Sunday on Pennsylvania Ave. by Patrolman Davis, who checked them by radar at 34 miles - per - hour each. The men pleaded guilty.

Green Pastures Dinner Will Be Held Nov. 20

LISBON—The Columbiana green pastures committee met Thursday night and planned the annual banquet to be held Thursday, Nov. 20. The place and speaker will be announced later.

This will be the final event of the green pastures project which has been underway about seven years. Any persons who have had extensive reseeding and treatment of pasture land are asked to contact the extension office at once.

Those who have completed pasture improvement programs will receive awards at the banquet, according to Floyd Lower, county extension agent.

Wellsville Kiwanians To Entertain Teachers

The Wellsville Kiwanis Club will hold its annual reception for teachers in the city schools Tuesday, Oct. 14.

No place has been set for the event.

The Key Club of Wellsville High School, sponsored by the Kiwanis, has elected new officers. They include Ron Kampfer, president; Bill Winland, vice president; Kurt Schneidmiller, secretary, and George McCready, treasurer.

The Kiwanians will meet Tuesday at 6:30 p. m. at Meade's Restaurant.

Band Attends Game As Parade Prelude

The Salineville High School band, with James Wadowick, director, performed at Salineville's game with Beaver Local High School at Beaver field this afternoon.

The musicians were to have supper tonight at Heck's Restaurant at Columbiana before appearing in the Lisbon Lions Club festival parade.

Ford Facility Will Resume

Accord Reached At Plant In Cincinnati

CINCINNATI (AP) — Maintenance and tool room employes moved back into Ford Motor Co.'s two transmission plants near here Friday after negotiators reached a contract settlement.

About 300 workers, with union permission, started setting up the plant for renewed production — possibly by Monday — in anticipation that United Auto Workers union men at the plant would approve the proposed agreement.

The agreement was reached Friday afternoon in Detroit where officials of Cincinnati Local 863 had gone to confer with union leaders on the general Ford contract, concluded 10 days ago.

Issues of wages and classification were settled early here, but a seniority dispute held up a settlement

Ford's hardware plant at Sandusky is back in normal operation today following ratification of an agreement on local issues.

The plant employs 1,400 production employes. The return to work began Friday night.

In Lorain, Ford's passenger car assembly operations will be halted Monday because of a shortage of parts caused by strikes at other plants. About 700 workers will be laid off. A similar number will remain on duty to assemble trucks.

State Not Interested In Buying County Lake

LISBON — Col. Herbert W. Eagon, director of resources for Ohio, who inspected various lakes and wildlife areas in the county a few weeks ago, has advised Rep. Clarence L. Wetzel the state is not interested in purchasing Lake Placentia.

He said too many private lots border the lake, preventing free access.

He also told Rep. Wetzel the 150-foot long sectional building on the Ismond farm in Washington Township will be retained for the new lake to be developed. Volunteer firemen of Washington Township had wanted the building to house their fire fighting equipment but the state will use it for storing equipment and supplies.

Wetzel said the state has taken an option on 180-acre farm belonging to Mr. and Mrs. Walter Guess. The farm is northeast of state-owned Zepernick's Lake on Route 172.

Wetzel said Henry Hall, new land title chief, has completed arrangements to obtain the last nine acres needed for the Highland-town Lake area near Wellsville. It will cover 180 acres when completed.

Non-Tax-Paying Pacifist Bound To Federal Jury

CINCINNATI (AP) — The Rev. Maurice McCracken, non-tax-paying pacificist who once had to be carried bodily into federal court, was bound to the federal grand jury on a misdemeanor charge Friday.

The minister, who scheduled a prayer meeting instead of showing up for his hearing, promptly announced he is starting an indefinite fast.

The charge, a relatively new legal tool of the Internal Revenue Service, is failure to answer a summons to talk over his taxes.

The Rev. Mr. McCrackin, who says he is protesting armament spending by not paying most of his taxes, was lugged into the first hearing, Sept. 12, by court aides after he declined to go with them.

But in Friday's action, before U.S. Commissioner Graham P. Hunt, the minister said earlier in the day he would not attend and federal officials proceeded without him.

The charge carries a maximum penalty of a one-year term or a $1,000 fine or both. The conferences with tax officials involve 1955 and 1956 taxes.

The Rev. Mr. McCrackin is pastor of West Cincinnati - St. Barnabas Episcopal - Presbyterian Church. He is also director of Findlay Street Neighborhood House.

Parade Tonight To End Lisbon Fall Festival

LISBON — A parade tonight at 7:30 will wind up the Lions Club fall festival that began Thursday.

Participating will be Lisbon, Leetonia, United Local and Salineville high school bands, the VFW drill squad, Gladettes and Motorcycle Club of Salem, Ke-Mac Saddle Club, Boy Scouts and Girl Scouts, fire trucks and Civilian Defense equipment and floats.

Miss Shirley Conn, 17, queen, will lead the procession. Daughter of Mr. and Mrs. Ralph Conn, 311 Pritchard Ave., she was crowned Thursday night by her sister, Doris, last year's queen.

Others in the court will be runnersup, Frances Flugan, Donna Meeks and Paula Zellars.

A kiddies matinee was to be held this afternoon.

Cleveland Man Shot To Death In Argument

CLEVELAND (AP) — Charles Marshall, 25, was shot to death early today by a special policeman at a bar.

Police identified the officer as Elbert Gilliam, 54, who was treated at Forest City Hospital for a six-inch cut on the left side.

Gilliam, a special officer at the Cafe Tia Juana, told police he ordered Marshall and several other patrons out of the bar following an argument and as they went out Marshall slashed him. Gilliam then fired two shots from his .38 service revolver, he said. One shot went wild and the other hit Marshall in the chest.

Potters Turn Back New Philly, 16-6, For First Victory

Musuraca's Runs Feature Local Offense

By CHUCK CRONIN

The strategy of Potter football coach Lou Venditti in switching regular guard Nick Musuraca to a running halfback paid off Friday night as the versatile All-Ohio candidate came through with a pair of touchdowns and led East Liverpool to a 16-6 victory over New Philadelphia to the delight of some 4,000 homecoming fans at Patterson Field.

The 160-pound senior completely dispelled any doubts as to his running ability by piling up 82 yards on 10 carries and adding 25 more on a runback of an intercepted pass. And Nick was the next thing to a tiger on defense.

—:—

FOR THE Potters it was a sweet but costly victory over the always tough Quakers. Injuries to three key backfield men once again have clouded the hopes of additional victories on the rough schedule.

The first half was a gruelling ground battle and ended in a scoreless tie. But the Potters stormed back in the second to win their first game of the season.

Musuraca's first touchdown was on a squirming 35-yard dash with 6:48 left in the third period. His second, on an 8-yard crash in the fourth, gave the Quakers a blow from which they never recovered.

It was only the 12th East Liverpool victory over New Philly in the 37th game since 1913 and snapped a two-game losing streak which began two years ago.

Coach William Kidd's Quakers were shooting for their first win of the year, but wound up with their third consecutive defeat.

—:—

OUTSIDE OF the one touchdown which was scored by quarterback Jim Renner on a 2-yard sneak in the fourth quarter, Philly's only other scoring chance was squelched by the hard-fighting Potter line early in the game when a drive was halted on downs at the East Livrpool 1-yard stripe.

The Quakers started several scoring drives but a wrong call, an intercepted pass by Musuraca and fumbles at important moments each time saw the marches fizzle out before producing a touchdown.

The Potter running game rolled up a total of 225 yards behind crisp blocking in the line. Realizing the value of his ground-eating halfbacks, quarterback Bob Mackall fired only a single pass while calling one of his best games.

Line play on both sides was rugged all the way and the Potter blockers found Philly's two veteran ends, Frank Fabiano and Dave Massarelli, nearly immovable until late in the final quarter.

While Musuraca was a sparkplug with both Potter units, guards Jim Bise and Charlie Davidson and tackles Carl Ludwig, Skip Hall and Mike Kapp turned in probably their best performances this season.

—:—

BISE AND Musuraca were particularly effective in halting the straight-ahead running plays of the Quakers, while Hall and Kapp bolstered the defense in throwing up a net against the tackle slants of Quaker halfbacks Jim Eichel and Gribble. Kapp was helped from the field with 10:06 left in the last quarter after suffering a leg injury but is expected to be ready for next week's game with Youngstown Rayen.

Venditti was pleased with the homecoming victory, but cited the overconfidence of the Potters and warned it could prove disastrous in future games.

Of prime concern for the Rayen game next Friday is the condition of three battered halfbacks who saw only limited action last night. On the ailing list are halfback Dave Zelch, who may be out for several weeks; fullback Bill O'Neil and halfback Dave Goodballet. The injuries of the last two not considered as serious as that of Zelch.

New Philly completely dominated the first quarter of play, running 20 plays from scrimmage to only four by the Potters. The Potters received the opening kickoff, but three running plays carried to only the Philly 46 from where Craig Burbick punted.

—:—

IN 20 PLAYS from its own 16-yard line, New Philadelphia drove almost to the Potter goal line before losing possession on downs near the end of the first quarter.

The second period featured a punting duel, with fumbles hampering offensive play of both squads.

Ceremonies between halves found Miss Mickey Woessner being crowned homecoming queen.

After a Philly punt shortly after the third quarter began East Liverpool took possession on its own 33, drove to the Philly 35 in six plays behind the running of Zelch and O'Neill and then took a 6-0 lead on Musuraca's 35-yard dash for a touchdown. Musuraca scored after taking a handoff from Mackall, driving off right tackle, and bursting past the Quaker secondary to score standing up. He skirted end for the conversion, giving the Potters a 8-0 lead.

The Quakers roared right back following the kickoff and drove to the Potter 19 before a bad call of a play halted the drive. With the Philly ground game eating up yardage consistently, quarterback Renner decided to pass on a second down with only one yard needed for a first down, and Musuraca plucked the ball from the air and saved a probable score.

-:-

A BLOCKED punt late in the fourth quarter by Fabiano led to New Philadelphia's lone touchdown. The Quakers recovered the loose ball on the Potter 38 and racked up three straight first downs to near the goal line with Renner sneaking over with 7:22 left in the game. Halfback Richards tried an end sweep for the conversion but was downed by John McCullough and Ken Cunningham short of the end zone.

The Potters began their second march to daydirt on the their own 32, and proceeded to rack up three straight first downs to the Philly 25, where a clipping penalty moved the ball back to the 40.

With a first down and 25-to-go situation, Mackall tried a running keeper that was stopped; Dave Goodballet reeled off 11 yards on an end sweep, another play by Mackall carried to the Philly 25 and Musuraca squirted through a hole in the Quaker line for another first down on the opponents 10.

A buck off right tackle by Musuraca did the trick for the final score and Goodballet crashed for the conversion and East Liverpool's 16th point.

East Liverpool scoring: Touchdowns — Musuraca 2. Points after touchdown — Musuraca (run), D. Goodballet (run). New Philadelphia scoring: Touchdowns — Renner

Officials — Charles Hinkle, Canton; Andrew Lindsay, Youngstown; Mike Rodak, Mingo Junction, and Art Cirelli, Canton.

THE FOOT MAY BE ON ITS WAY OUT because of the new extra-point rule, but the arm is still very much in the game as demonstrated by the above action shots. At the left, New Philadelphia end Frank Fabiano takes full advantage of a legal stiff arm to pile up a sizeable game and at the right Bob Mackall of the Potters uses his arm to help break away from a would-be tackler.

Ted Ties Runnels In AL's Bat Race

By ED WILKS
Associated Press Sports Writer

Two days to go and it's Ted Williams and Boston teammate Pete Runnels deadlocked for the American League batting lead at .3226.

Williams, shooting for his sixth title at 40, took the lead in the first game of a twi-night doubleheader at Washington Friday night. But when he sat out the nightcap, Runnels came scrapping back as the Red Sox took third place with a 6-4 and 3-1 sweep.

Beyond the bat race, the big news in the AL was another fine pitching job by Whitey Ford in his tuneup for the world series opener, although the champion New York Yankees lost 3-2 to Baltimore in 12 innings.

The stubby southpaw gave up only one hit—Joe Taylor's inside-the-park homer in the first—and allowed but one base runner before retiring at the end of six innings. Ford, who struck out six, has allowed just one run in his last 17 innings after a layoff because of arm trouble.

Cleveland defeated Detroit 5-4 and the Chicago White Sox beat Kansas City 1-0 on rookie Barry Latman's three-hitter in the other AL games.

In the National League, Philadelphia's Richie Ashburn regained the batting lead with .3449 as the Phillies defeated Pittsburgh and 22-game winner Bob Friend 3-2. Willie Mays of San Francisco slipped to second at .3441 as the Giants defeated St. Louis 4-3.

Lew Burdette won his 20th as the champion Milwaukee Braves beat Cincinnati 2-1; and Los Angeles split a twi-night pair with the Chicago Cubs, winning 6-3, then losing 2-1.

Williams walloped his 24th home run and a single in three at bats in the opener. Runnels, holding a .324 to .320 edge before he went hitless in the first game, was 2-for-5 in the nightcap.

Ted Lepcio's home run won the opener for Ike Delock (14-8) after Roy Sievers' 39th homer gave the Nats a tie. Frank Sullivan (13-9), backed by Bill Renna's home run, won the nightcap. Vito Valentinetti (5-6) and Bill Fischer (4-10) were the losers as the Senators dropped their 11th in a row.

Hoyt Wilhelm, the knuckleballer who no-hit the Yankees last weekend, gave up six hits and left with a 1-1 tie after eight innings at New York. Reliever Billy Loes (3-9) won his first since July 3 as the Orioles tagged Virgil Trucks (2-2) for two of their four hits and two runs in the 12th.

Latman (3-0), a 22-year-old right-hander, gave up nothing but singles, two by Hec Lopez, while walking two and striking out nine for his first complete game. A sacrifice fly by White Sox rookie John Callison beat Bob Grim (7-7) in the sixth.

.3449 Tops Mays' .3441

Ashburn Regains NL Batting Lead

By The Associated Press

Willie Mays couldn't do anything but hit against St. Louis pitching last weekend as he took the National League batting lead from Richie Ashburn, who couldn't do a thing against Pittsburgh.

Now Ashburn's back on top, after clipping the Pirates for a 2-for-4 performance Friday night while Mays went hitless against the Cardinals.

Ashburn scored the winning run as Philadelphia defeated 22-game winner Bob Friend 3-2 and gained a point for a .3449 average. Mays grounded out, flied out and hit into a doubleplay, losing two points for a .3441 average, as San Francisco beat St. Louis 4-3.

While the batting race continued to run hot, Lew Burdette became a 20-game winner for the first time in his final tuneup for the World Series, as the champion Milwaukee Braves beat Cincinnati 2-1.

Los Angeles and the Chicago Cubs remained tied for sixth, splitting a twi-night pair in the other NL games. The Dodgers won 6-3 then lost 2-1.

In the American League, Boston's Ted Williams and Pete Runnels tied for the batting lead at .3226 as the Red Sox swept a twi-night pair at Washington 6-4 and 3-1. Baltimore beat the champion New York Yankees 3-2 in 12 innings. The Chicago White Sox beat Kansas City 1-0 and Cleveland defeated Detroit 5-4.

Ashburn's single triggered a two-run sixth that cracked a shutout duel between Friend (22-14) and Robin Roberts (17-14). His double came in the seventh, followed by Bobby Young's single. Roberts had a shutout until the ninth in his battle with Friend, who had won six straight.

Rookie southpaw Bill Smith (0-1) and right-handed reliever Jim Brosnan collared Mays. Johnny Antonelli (16-13) needed relief help. But the Giants nailed third with the victory.

Burdette gave up nine hits, but the Braves shrugged off a four-hit job by Redleg rookie Jim O'Toole and veteran Hal Jeffcoat.

Al Dark's ninth-inning single won the nightcap for Cub rookie John Buzhardt (3-0). The Cubs got their first run on a wild pitch by Sandy Koufax (11-11)—giving the Dodger staff a major league record for wild pitches with 68. John Roseboro drove in three runs with a triple and two singles in the opener as Don Drysdale (12-13) won with relief help. Bob Anderson (3-3) lost it.

East Palestine Romps, 40-6 Over Leetonia

EAST PALESTINE—Coach Bob Mallory's undefeated East Palestine Bulldogs continued their quest for a spot among the state's top-ranked football teams here Friday night by smothering Leetonia, 40-6.

Nearly 3,000 fans turned out for the game between the two Columbiana County schools and saw Palestine quarterback Willis Woods spark a five-touchdown scoring parade.

Willis scored once himself on a short buck, scored four more points by running across two conversions and threw scoring passes to ends Dick Wellendorf and Jim Knight.

The Bulldogs got off to a slow start with the first period ending in a scoreless tie, but poured on the steam in the final three quarters to completely humble Coach Pat Mancusco's outclassed Polar Bears.

Palestine scored two points early in the second quarter on a safety and added six more only minutes later on a scoring pass from Woods to Wellendorf which covered 17 yards. Woods ran the extra point across the goal line for a two-point conversion.

In the third period, the winners added two more touchdowns on a short buck by Woods and a 63-yard dash by scatback George Morris, the district's scoring leader, who racked up his 40th point in three games.

Morris set up Palestine's fourth touchdown by intercepting a pass to halt a Leetonia drive. Woods flipped his second touchdown pass to Knight on a play which covered about 50 yards.

Substitute quarterback Art Herriott scored the final touchdown for the Bulldogs on a 3-yard crash following a 78-yard fourth-quarter drive. Jerry Bush ran the extra point for the winners.

John Ferry scored Leetonia's lone touchdown on a 13-yard run up the middle in the third quarter. Baker's run for the conversion was halted.

Potters Turn Back New Philly, 16-6, For First Victory

Musuraca's Runs Feature Local Offense

By CHUCK CRONIN

The strategy of Potter football coach Lou Venditti in switching regular guard Nick Musuraca to a running halfback paid off Friday night as the versatile All-Ohio candidate came through with a pair of touchdowns and led East Liverpool to a 16-6 victory over New Philadelphia to the delight of some 4,000 homecoming fans at Patterson Field.

The 160-pound senior completely dispelled any doubts as to his running ability by piling up 82 yards on 10 carries and adding 25 more on a runback of an intercepted pass. And Nick was the next thing to a tiger on defense.

—:—

FOR THE Potters it was a sweet but costly victory over the always tough Quakers. Injuries to three key backfield men once again have clouded the hopes of additional victories on the rough schedule.

The first half was a gruelling ground battle and ended in a scoreless tie. But the Potters stormed back in the second to win their first game of the season.

Musuraca's first touchdown was on a squirming 35-yard dash with 6:48 left in the third period. His second, on an 8-yard crash in the fourth, gave the Quakers a blow from which they never recovered.

It was only the 12th East Liverpool victory over New Philly in the 37th game since 1913 and snapped a two-game losing streak which began two years ago.

Coach William Kidd's Quakers were shooting for their first win of the year, but wound up with their third consecutive defeat.

—:—

OUTSIDE OF the one touchdown which was scored by quarterback Jim Renner on a 2-yard sneak in the fourth quarter, Philly's only other scoring chance was squelched by the hard-fighting Potter line early in the game when a drive was halted on downs at the East Livrpool 1-yard stripe.

The Quakers started several scoring drives but a wrong call, an intercepted pass by Musuraca and fumbles at important moments each time saw the marches fizzle out before producing a touchdown.

The Potter running game rolled up a total of 225 yards behind crisp blocking in the line. Realizing the value of his ground-eating halfbacks, quarterback Bob Mackall fired only a single pass while calling one of his best games.

Line play on both sides was rugged all the way and the Potter blockers found Philly's two veteran ends, Frank Fabiano and Dave Massarelli, nearly immovable until late in the final quarter.

While Musuraca was a sparkplug with both Potter units, guards Jim Bise and Charlie Davidson and tackles Carl Ludwig, Skip Hall and Mike Kapp turned in probably their best performances this season.

—:—

BISE AND Musuraca were particularly effective in halting the straight-ahead running plays of the Quakers, while Hall and Kapp bolstered the defense in throwing up a net against the tackle slants of Quaker halfbacks Jim Eichel and Gribble. Kapp was helped from the field with 10:06 left in the last quarter after suffering a leg injury but is expected to be ready for next week's game with Youngstown Rayen.

Venditti was pleased with the homecoming victory, but cited the overconfidence of the Potters and warned it could prove disastrous in future games.

Of prime concern for the Rayen game next Friday is the condition of three battered halfbacks who saw only limited action last night. On the ailing list are halfback Dave Zelch, who may be out for several weeks; fullback Bill O'Neil and halfback Dave Goodballet. The injuries of the last two not considered as serious as that of Zelch.

New Philly completely dominated the first quarter of play, running 20 plays from scrimmage to only four by the Potters. The Potters received the opening kickoff, but three running plays carried to only the Philly 46 from where Craig Burbick punted.

—:—

IN 20 PLAYS from its own 16-yard line, New Philadelphia drove almost to the Potter goal line before losing possession on downs near the end of the first quarter.

The second period featured a punting duel, with fumbles hampering offensive play of both squads.

Ceremonies between halves found Miss Mickey Woessner being crowned homecoming queen.

After a Philly punt shortly after the third quarter began East Liverpool took possession on its own 33, drove to the Philly 35 in six plays behind the running of Zelch and O'Neill and then took a 6-0 lead on Musuraca's 35-yard dash for a touchdown. Musuraca scored after taking a handoff from Mackall, driving off right tackle, and bursting past the Quaker secondary to score standing up. He skirted end for the conversion, giving the Potters a 8-0 lead.

The Quakers roared right back following the kickoff and drove to the Potter 19 before a bad call of a play halted the drive. With the Philly ground game eating up yardage consistently, quarterback Renner decided to pass on a second down with only one yard needed for a first down, and Musuraca plucked the ball from the air and saved a probable score.

—:—

A BLOCKED punt late in the fourth quarter by Fabiano led to New Philadelphia's lone touchdown. The Quakers recovered the loose ball on the Potter 38 and racked up three straight first downs to near the goal line with Renner sneaking over with 7:22 left in the game. Halfback Richards tried an end sweep for the conversion but was downed by John McCullough and Ken Cunningham short of the end zone.

The Potters began their second march to daydirt on the their own 32, and proceeded to rack up three straight first downs to the Philly 25, where a clipping penalty moved the ball back to the 40.

With a first down and 25-to-go situation, Mackall tried a running keeper that was stopped; Dave Goodballet reeled off 11 yards on an end sweep, another play by Mackall carried to the Philly 25 and Musuraca squirted through a hole in the Quaker line for another first down on the opponents 10.

A buck off right tackle by Musuraca did the trick for the final score and Goodballet crashed for the conversion and East Liverpool's 16th point.

THE FOOT MAY BE ON ITS WAY OUT because of the new extra-point rule, but the arm is still very much in the game as demonstrated by the above action shots. At the left, New Philadelphia end Frank Fabiano takes full advantage of a legal stiff arm to pile up a sizeable game and at the right Bob Mackall of the Potters uses his arm to help break away from a would-be tackler.

Ted Ties Runnels In AL's Bat Race

By ED WILKS
Associated Press Sports Writer

Two days to go and it's Ted Williams and Boston teammate Pete Runnels deadlocked for the American League batting lead at .3226.

Williams, shooting for his sixth title at 40, took the lead in the first game of a twi-night doubleheader at Washington Friday night. But when he sat out the nightcap, Runnels came scrapping back as the Red Sox took third place with a 6-4 and 3-1 sweep.

Beyond the bat race, the big news in the AL was another fine pitching job by Whitey Ford in his tuneup for the world series opener, although the champion New York Yankees lost 3-2 to Baltimore in 12 innings.

The stubby southpaw gave up only one hit—Joe Taylor's inside-the-park homer in the first—and allowed but one base runner before retiring at the end of six innings. Ford, who struck out six, has allowed just one run in his last 17 innings after a layoff because of arm trouble.

Cleveland defeated Detroit 5-4 and the Chicago White Sox beat Kansas City 1-0 on rookie Barry Latman's three-hitter in the other AL games.

In the National League, Philadelphia's Richie Ashburn regained the batting lead with .3449 as the Phillies defeated Pittsburgh and 22-game winner Bob Friend 3-2. Willie Mays of San Francisco slipped to second at .3441 as the Giants defeated St. Louis 4-3.

Lew Burdette won his 20th as the champion Milwaukee Braves beat Cincinnati 2-1; and Los Angeles split a twi-night pair with the Chicago Cubs, winning 6-3, then losing 2-1.

Williams walloped his 24th home run and a single in three at bats in the opener. Runnels, holding a .324 to .320 edge before he went hitless in the first game, was 2-for-5 in the nightcap.

Ted Lepcio's home run won the opener for Ike Delock (14-8) after Roy Sievers' 39th homer gave the Nats a tie. Frank Sullivan (13-9), backed by Bill Renna's home run, won the nightcap. Vito Valentinetti (5-6) and Bill Fischer (4-10) were the losers as the Senators dropped their 11th in a row.

Hoyt Wilhelm, the knuckleballer who no-hit the Yankees last weekend, gave up six hits and left with a 1-1 tie after eight innings at New York. Reliever Billy Loes (3-9) won his first since July 3 as the Orioles tagged Virgil Trucks (2-2) for two of their four hits and two runs in the 12th.

Latman (3-0), a 22-year-old right-hander, gave up nothing but singles, two by Hec Lopez, while walking two and striking out nine for his first complete game. A sacrifice fly by White Sox rookie John Callison beat Bob Grim (7-7) in the sixth.

.3449 Tops Mays' .3441

Ashburn Regains NL Batting Lead

By The Associated Press

Willie Mays couldn't do anything but hit against St. Louis pitching last weekend as he took the National League batting lead from Richie Ashburn, who couldn't do a thing against Pittsburgh.

Now Ashburn's back on top, after clipping the Pirates for a 2-for-4 performance Friday night while Mays went hitless against the Cardinals.

Ashburn scored the winning run as Philadelphia defeated 22-game winner Bob Friend 3-2 and gained a point for a .3449 average. Mays grounded out, flied out and hit into a doubleplay, losing two points for a .3441 average, as San Francisco beat St. Louis 4-3.

While the batting race continued to run hot, Lew Burdette became a 20-game winner for the first time in his final tuneup for the World Series, as the champion Milwaukee Braves beat Cincinnati 2-1.

Los Angeles and the Chicago Cubs remained tied for sixth, splitting a twi-night pair in the other NL games. The Dodgers won 6-3 then lost 2-1.

In the American League, Boston's Ted Williams and Pete Runnels tied for the batting lead at .3226 as the Red Sox swept a twi-night pair at Washington 6-4 and 3-1. Baltimore beat the champion New York Yankees 3-2 in 12 innings. The Chicago White Sox beat Kansas City 1-0 and Cleveland defeated Detroit 5-4.

Ashburn's single triggered a two-run sixth that cracked a shutout duel between Friend (22-14) and Robin Roberts (17-14). His double came in the seventh, followed by Bobby Young's single. Roberts had a shutout until the ninth in his battle with Friend, who had won six straight.

Rookie southpaw Bill Smith (0-1) and right-handed reliever Jim Brosnan collared Mays. Johnny Antonelli (16-13) needed relief help. But the Giants nailed third with the victory.

Burdette gave up nine hits, but the Braves shrugged off a four-hit job by Redleg rookie Jim O'Toole and veteran Hal Jeffcoat.

Al Dark's ninth-inning single won the nightcap for Cub rookie John Buzhardt (3-0). The Cubs got their first run on a wild pitch by Sandy Koufax (11-11)—giving the Dodger staff a major league record for wild pitches with 68. John Roseboro drove in three runs with a triple and two singles in the opener as Don Drysdale (12-13) won with relief help. Bob Anderson (3-3) lost it.

Mayhew Races 73 Yards As Chester Ties Wellsville, 6-6

Midland Rallies In Fourth Quarter To Beat Beaver, 13-6

Delposen Scores For Tiger Eleven

By ROB NIBLOCK

Seeking its first football victory of the season, Wellsville High held a six-point lead for nearly three periods, but was forced to settle for a 6-6 tie when halfback Bill Mayhew streaked 73 yards for a Chester score before some 1,200 fans at Nicholson Stadium Friday night.

Wellsville made a last-ditch attempt in the fourth period for the winning touchdown, but was stopped on downs at the Chester 17.

The Panthers then took over with less than a minute remaining and ran out the clock, apparently content with a tie.

Taking over at its own 20-yard line late in the third period, Chester moved to the 27 where Mayhew broke off tackle and outdistanced a Wellsville defender for the tally which saved the Panthers from their first loss of the season. The Chester bid for victory failed when Ken Sayre was stopped on the run for the extra points.

Bob Delposen, 180-pound fullback, scored Wellsville's only touchdown when he went over standing up on a four-yard slant off tackle. The touchdown climaxed a 53-yard Wellsville drive which began late in the first period. Jim Stevens was stopped short of the goal when he tried to skirt the end for the extra points.

The tie—the first in the long rivalry between the two teams—allows Wellsville to maintain its five-game edge in the series, with 15 wins to 10 for Chester.

Mayhew, who got 136 of the 156 yards gained by the Panthers, was the only Chester back able to move against the fired-up Wellsville defenders.

The fleet junior back had another long run—a 40-yard run around the right end which put Chester in scoring position at the Tiger 16 on the first play after the Wellsville touchdown.

However, the Panthers could move only three yards in three plays and a fourth-down pass from quarterback Dave Brookes to Mayhew, in the end zone, failed.

Fullback Don Shaw, the leading Chester scorer to date was in the lineup after missing last week's game, but still carried the effects of his injured ankle.

Chester got only three first downs while the Tigers ground out 11, with Jim Stevens and Delposen alternated carries on power plays up the center which netted the largest part of the 190 yards the Tigers gained rushing.

Wellsville did not pass in the game, and quarterback Brookes, who was rushed heavily by the Wellsville line, was unable to complete a forward in six attempts for Chester.

Both teams were keyed up for the game, as evidenced by three first quarter fumbles. Wellsville fumbled and lost the ball on its first two offensive attempts and the Panthers lost the pigskin the first time they handled it.

The second Wellsville fumble was costly since the Tigers had a second-and-six situation at the Chester 23-yard line early in the game.

Wellsville completely dominated the first half of play, but the Panthers seemed to come to life after Mayhew's touchdown. They stopped Wellsville cold on its first series of downs after the marker, but then were unable to get any drive going.

The Tiger defense, which allowed 12 touchdowns in the first two games, showed great improvment against the Panthers.

Co-captain Len Cuti, 190-pound senior tackle, led the Tiger forward wall, with Dick Kountz, Phil Baldwin and Phil Vernon also playing outstanding defensive games.

Junior Jim Stevens made several fine tackles in the secondary in addition to his capable running.

Delposen had probably one of his best nights against the Panthers. His 22-yard-run was the key play in the final Wellsville drive which stalled at the Chester 17.

Pro Gridders Open Sunday

By The Associated Press

The National Football League beings operations Sunday and while the Western Conference may develop into a merry scramble, they are wondering if there is a team in the Eastern Division that is capable of giving the Cleveland Browns a run.

This state of affairs, of course, is not unusual. Since 1950, the powerful Browns have won their divisional crown every year except 1956, when the New York Giants took it.

But last year, the Browns were right back up there at the top of the heap. The Giants wound up second, but this year the New Yorkers have showed very little in exhibition games.

The Philadelphia Eagles, possibly, could make a run for it with the Browns. They have a new coach, Buck Shaw, and a new quarterback, Norm Van Broklin.

The Washington Redskins and the Chicago Cardinals also seem to be somewhat stronger.

Frank Ivy, who led Edmonton of Canada's Western Interprovincial Football Union last year, is waving the baton for the Cards and has installed a double wing formation.

As for the Western Division, the champion Detroit Lions, who whipped the Browns for the league championship, should not have it so easy.

The San Francisco 49ers are reputed to be improved, along with the Chicago Bears (once again under the command of Poppa Bear George Halas). Los Angeles, Baltimore and even Green Bay, the basement occupant last year, could cause trouble. The Packers also have a new coach, Ray McLean.

The first day's action has the Browns at Los Angeles, the Lions at Baltimore, the Redskins at Philadelphia, the Bears at Green Bay, the Steelers at San Francisco and the Cards against the Giants at Buffalo.

Columbiana Gridders Edge Minerva, 6-0

COLUMBIANA—The Columbiana Clippers scored a 6-0 win over the Minerva Lions in a rough battle here Friday night.

It was a hard-fought game all the way, with Columbiana's only tally coming in the second quarter when Clipper quarterback Ray Baltz sneaked over from the one.

The try for the extra point was no good.

Minerva threatened throughout the game, penetrating Columbiana's 10-yard line three times. The Lions went over the goal once but the score was nullified by a penalty.

4 Officials Resign

DAYTON, Ohio (AP)—Four top officials at the Chrysler Airtemp plant here resigned Friday. They said it is for personal reasons. They are Carl E. Huchholzer, president; John F. Knoff, vice president in charges of sales; M. T. Bard, director of operations, and R. L. Forsberg, director of marketing.

Lisbon Falls Before Poland Eleven, 22-20

LISBON—Lisbon was able to make good only one of three tries for extra points and came out on the short end of a 22-20 score against Poland here Friday night.

It was the first loss for Coach Bud Bucher's Blue Devil eleven, which rolled to easy victories in its first two outings.

Poland drove for its first touchdown early in the first period after taking over following a Lisbon fumble. Halfback Dick Wolfe plunged over from the two for a Poland marker. They failed in the run for the extra points.

Lisbon came right back after the kickoff and marched to the Poland 25 where Lisbon's fleet halfback, Denny Johnson, sprinted around end for the score. The run for extra points failing.

Poland added another marker in the first period when fullback Frank Kolesar got his first of two touchdowns on a one-yard plunge. Wolfe added the extra points on a run.

The Blue Devils hit paydirt again in the second period on a run of 12 yards by Tom Brooks, with Denny Reese adding the extra points on a plunge. Lisbon threatened again in the period when they recovered a fumble at the Poland 15 but were unable to punch it across.

Kolesar added his second touchdown late in the second period on another one-yard plunge, and he caught a pass from Wolfe for the extra points.

Lisbon got its last touchdown after a long drive in the fourth period, climaxed by a five-yard plunge by fullback Jack Williams. Williams also scored the extra points on a run.

Beagle Club Slates Field Trial Sunday

The East Liverpool Beagle Club will sponsor a field trial Sunday at the club grounds on the old Y & O Road, starting at 8 a. m.

Features of the all-day affair will be the competition in the 15 and 13-inch classes for trophies. Bon's Hans, 15-inch champ two weeks ago, will vie in that class, while Asa's June, 13-inch champ, will run for the trophy in that class.

EARLY HILL, Wisconsin end, was hit by Joe Plevel, University of Miami halfback, after receiving a pass in the first quarter of play at the Orange Bowl in Miami Friday night. Wisconsin won, 20-0. (UPI Telephoto)

Air Force, Georgia Tech, Wisconsin And Texas Win

By ED CORRIGAN
Associated Press Sports Writer

This is the year, according to the timetable of the U. S. Air Force Academy, that the school goes "almost" big time in college football.

The Academy would like to move in the same circles as Army and Navy, the other two service teams. Since its first class doesn't graduate until next year, the AFA has all its lettermen of last year back.

Under Buck Shaw, the sophomore '57 club had a 3-6-1 record. This year, the schedule has been toughened considerably, but new coach Ben Martin, a Navy graduate, has high hopes.

His team started operations Friday night with a smoothly contrived 37-6 triumph over Detroit, another team that hopes to make the step as a major power.

One thing is certain—if anyone is going to stop the AFA, John Kuenzel and Rich Mayo, a pair of passing fools, will have to be stymied. Kuenzel tossed for one touchdown, set up another with a pass and scored once himself. Mayo passed for two scores.

Four other major games were on Friday night's schedule. Texas defeated Tulane, 21-20, Georgia Tech rebounded against Florida State, 17-3, Wisconsin whipped Miami, 20-0, and Denver turned back Utah State, 20-8.

Both Texas and Tulane made two points after their final touchdowns in the final period, but it was a l'il ol' kick in the first quarter that provided the winning margin for Texas. Bob Lackey, who directed the Texas offensive, provided the sure-foot.

Miami couldn't do much against the towering Wisconsin line. Dale Hackbart was the big man for 14-ranked Wisconsin. He passed and ran for one touchdown in the first quarter and repeated at the end of the second stanza.

Meanwhile, magic names like Ohio State, Oklahoma, Auburn, Michigan State and Notre Dame moved into action.

These, in order, are the first five in The Associated Press poll, but after last week's slew of upsets, only the uncertain is certain.

Ohio State took on Southern Methodist, Oklahoma battled West Virginia, Auburn played Tennessee in the NCAA's television game, Michigan State tangled with California and Notre Dame tackled Indiana.

Texas Christian, No. 6, had a date with Iowa, while Pittsburgh, which could turn out to be the class of the East, met Holy Cross. Army, No. 8, another contender for Eastern honors, opened against South Carolina. Mississippi No. 9, and possible favorite for the Southeastern Conference title, was up against tough Kentucky, and ten-ranked Washington State visited Northwestern.

The tradition steeped Ivy League also gets under way with Brown playing Columbia. League favorite Princeton is at home to Rutgers, a non-league member, in the annual renewal of college football's oldest rivalry.

Lew Burdette Nails 20th, Hurts Finger

MILWAUKEE (AP)—Lew Burdette achieved his 20th victory of the season Friday night but it may prove to be the costliest triumph of the year for the Milwaukee Braves.

The brilliant right-hander, climaxing his greatest of seven campaigns with the National League champions, suffered a bruised forefinger of his pitching hand as he beat the Cincinnati Redlegs 2-1.

The injury doesn't appear serious. It probably isn't. But it's downright painful. Nobody on the club is alarmed over it. Burdette himself laughed it off as nothing more than a finger stiffness which, he said, will disappear in a day or two. Maybe it will. Then again maybe it won't.

One thing is sure. The finger hurts. It's swollen and blue. The pain was steadily increasing as the raw-boned West Virginian took his sweet time shedding his uniform, shaving and getting into street clothes.

"Ouch," he exclaimed several times as the finger accidently bumped with some object. "That darn thing really hurts now."

Doc Feron, the capable club physician, didn't think it necessary to apply a bandage. But with the World Series only days away, Lew's injury was nothing to be shrugged off.

The injury occurred in the fourth inning. Roy McMillan smashed a vicious liner back to the box. Burdette knocked the ball down with his bare hand, recovered it and threw the runner out in a close play.

Minneapolis Leads In Little World Series

MONTREAL (AP) — American Assn. clubs have won the Little World Series from the International League the last four years. And the way the Minneapolis Millers started the '58 series Friday night, it ought to be No. 5.

The Millers, riding a streak that saw them swept through the American Assn. playoffs after finishing third in the regular season, took a 1-0 lead with a 6-2 victory over Montreal's favored Royals.

Montreal, International League pennant winner as well as playoff champ, led with left-hander Tom Lasorda, an 18-game winner and the league's most valuable player. He lasted only three innings, trailing 4-1 when a reliever took over.

'Ham Shoot' Sunday

WELLSBURG, W. Va. — The Sportsmen's and Farmers' Association of Brooke County will hold a ham shoot at the club farm on McAdoo Ridge, near here, Sunday. It will begin at 1 p. m. and will include trapshooting, 10 target tests, luck targets and novelty events. The Ladies Auxiliary of the club will serve refreshments.

Leopards' Attack Gets Rolling Late

After being outplayed for three periods, Midland came to life in the final quarter to score two touchdowns and defeat Beaver, 13-6, Friday night before some 6,000 fans.

By winning, Midland avenged a 6-0 defeat suffered at the hands of the Bobcats last year and knocked them out of contention in the WPIAL League.

It was the second victory of the season for Coach John Petchel's Leopards — the first in league play.

Midland came to life midway in the fourth period with a 54-yard touchdown drive, a 34-yard pass from quarterback Ken Russell to Rudy Kervoshia at the Beaver six put the Leopards in position for their first score.

On the next play, Russell, whose passing sparked the Midland offense, hit end Jim Golphin in the end zone for the score on a controversial play. The ball bounced out of Golphin's hands, but officials ruled that he had maintained possession long enough for the completion.

Midland added its final marker on a plunge by Nick Vukuvich with only 33 seconds remaining. In eight plays, the winners moved 44 yards, mostly on passes, to pay-dirt. Schulte added the extra point on a placement.

Passes by Russell of 13, 8 and 7 yards to Jim Curry, Movie Smith, on a tackle eligible play, and Dean Frederick respectively, spearheaded the last offensive.

A 15-yard pass from quarterback Steve Ratey to End Mike Sanford gave Beaver its only touchdown in the third period. The Bobcats got the ball in Midland territory when they punted from their own 38 and Pat Norton recovered a ball fumbled by a Midland recever at his own 22-yard line.

In two running plays, Beaver moved into scoring position. Ron Nichol failed in the rush for the extra point.

Salem Beats Timken, 21-0

CANTON — After playing to a 0-0 tie in the first half, the Salem Quakers stormed back in the third and fourth periods to score three times and record a 21-0 win over Canton Timken before some 6,000 fans at Fawcett Stadium Friday night.

Salem's play in the second half was highlighted by the running of fullback Lou Slaby who gained 144 yards in 12 tries besides scoring two touchdowns.

The Quakers scored on runs of three and 45 yards by Slaby and on a five-yard jaunt by Ralph Ehrhart.

Ben Jones successfully kicked for Salem's seventh point while Kent Malloy ran over for the second conversion.

Jones' kick after Salem's final tally was blocked.

Salem' line played a tremendous game in the second half.

The Trojans netted but 10 yards rushing while the Quakers were totaling 264 yards rushing.

The losers hurled a total of 12 passes and completed eight for 180 yards. Malloy passed three times for the Quakers, completing one for 13 yards.

Casey 'Ain't' Sayin' Who'll Pitch Opener

NEW YORK (AP)—Who is going to pitch the opening game of the World Series for the New York Yankees?

"I ain't sayin' yet," snorted Manager Casey Stengel today. "I may announce it Monday."

Well, it's lucky this isn't a military secret because it would be the worst-kept of all time.

Whitey Ford, the man who won the first game of last year's series for the Yanks, the man who shows a 2.01 earned run average, lowest in the majors, the man who boasts a .261 career ERA, lowest of any active pitcher, will be on the mound for the Yanks.

After Friday night's performance against the Baltimore Orioles, it would be folly even to think of anyone else starting for the Bronx Bombers.

All Whitey did was permit one hit and one baserunner in six innings, (Joe Taylor's inside-the-park homer in the first), strike out six and retire 16 men in a row. He is ready.

Ford evoked admiration from the Orioles, who finally won the ball game, 3-2, in 12 innings.

Mayhew Races 73 Yards As Chester Ties Wellsville, 6-6

Midland Rallies In Fourth Quarter To Beat Beaver, 13-6

Delposen Scores For Tiger Eleven

By ROB NIBLOCK

Seeking its first football victory of the season, Wellsville High held a six-point lead for nearly three periods, but was forced to settle for a 6-6 tie when halfback Bill Mayhew streaked 73 yards for a Chester score before some 1,200 fans at Nicholson Stadium Friday night.

Wellsville made a last-ditch attempt in the fourth period for the winning touchdown, but was stopped on downs at the Chester 17.

The Panthers then took over with less than a minute remaining and ran out the clock, apparently content with a tie.

Taking over at its own 20-yard line late in the third period, Chester moved to the 27 where Mayhew broke off tackle and outdistanced a Wellsville defender for the tally which saved the Panthers from their first loss of the season. The Chester bid for victory failed when Ken Sayre was stopped on the run for the extra points.

Bob Delposen, 180-pound fullback, scored Wellsville's only touchdown when he went over standing up on a four-yard slant off tackle. The touchdown climaxed a 53-yard Wellsville drive which began late in the first period. Jim Stevens was stopped short of the goal when he tried to skirt the end for the extra points.

The tie—the first in the long rivalry between the two teams—allows Wellsville to maintain its five-game edge in the series, with 15 wins to 10 for Chester.

Mayhew, who got 136 of the 156 yards gained by the Panthers, was the only Chester back able to move against the fired-up Wellsville defenders.

The fleet junior back had another long run—a 40-yard run around the right end which put Chester in scoring position at the Tiger 16 on the first play after the Wellsville touchdown.

However, the Panthers could move only three yards in three plays and a fourth-down pass from quarterback Dave Brookes to Mayhew, in the end zone, failed.

Fullback Don Shaw, the leading Chester scorer to date was in the lineup after missing last week's game, but still carried the effects of his injured ankle.

Chester got only three first downs while the Tigers ground out 11, with Jim Stevens and Delposen alternated carries on power plays up the center which netted the largest part of the 190 yards the Tigers gained rushing.

Wellsville did not pass in the game, and quarterback Brookes, who was rushed heavily by the Wellsville line, was unable to complete a forward in six attempts for Chester.

Both teams were keyed up for the game, as evidenced by three first quarter fumbles. Wellsville fumbled and lost the ball on its first two offensive attempts and the Panthers lost the pigskin the first time they handled it.

The second Wellsville fumble was costly since the Tigers had a second-and -six situation at the Chester 23-yard line early in the game.

Wellsville completely dominated the first half of play, but the Panthers seemed to come to life after Mayhew's touchdown. They stopped Wellsville cold on its first series of downs after the marker, but then were unable to get any drive going.

The Tiger defense, which allowed 12 touchdowns in the first two games, showed great improvment against the Panthers.

Co-captain Len Cuti, 190-pound senior tackle, led the Tiger forward wall, with Dick Kountz, Phil Baldwin and Phil Vernon also playing outstanding defensive games.

Junior Jim Stevens made several fine tackles in the secondary in addition to his capable running.

Delposen had probably one of his best nights against the Panthers. His 22-yard-run was the key play in the final Wellsville drive which stalled at the Chester 17.

Pro Gridders Open Sunday

By The Associated Press

The National Football League beings operations Sunday and while the Western Conference may develop into a merry scramble, they are wondering if there is a team in the Eastern Division that is capable of giving the Cleveland Browns a run.

This state of affairs, of course, is not unusual. Since 1950, the powerful Browns have won their divisional crown every year except 1956, when the New York Giants took it.

But last year, the Browns were right back up there at the top of the heap. The Giants wound up second, but this year the New Yorkers have showed very little in exhibition games.

The Philadelphia Eagles, possibly, could make a run for it with the Browns. They have a new coach, Buck Shaw, and a new quarterback, Norm Van Broklin.

The Washington Redskins and the Chicago Cardinals also seem to be somewhat stronger.

Frank Ivy, who led Edmonton of Canada's Western Interprovincial Football Union last year, is waving the baton for the Cards and has installed a double wing formation.

As for the Western Division, the champion Detroit Lions, who whipped the Browns for the league championship, should not have it so easy.

The San Francisco 49ers are reputed to be improved, along with the Chicago Bears (once again under the command of Poppa Bear George Halas). Los Angeles, Baltimore and even Green Bay, the basement occupant last year, could cause trouble. The Packers also have a new coach, Ray McLean.

The first day's action has the Browns at Los Angeles, the Lions at Baltimore, the Redskins at Philadelphia, the Bears at Green Bay, the Steelers at San Francisco and the Cards against the Giants at Buffalo.

Columbiana Gridders Edge Minerva, 6-0

COLUMBIANA—The Columbiana Clippers scored a 6-0 win over the Minerva Lions in a rough battle here Friday night.

It was a hard-fought game all the way, with Columbiana's only tally coming in the second quarter when Clipper quarterback Ray Baltz sneaked over from the one.

The try for the extra point was no good.

Minerva threatened throughout the game, penetrating Columbiana's 10-yard line three times. The Lions went over the goal once but the score was nullified by a penalty.

Lisbon Falls Before Poland Eleven, 22-20

LISBON—Lisbon was able to make good only one of three tries for extra points and came out on the short end of a 22-20 score against Poland here Friday night.

It was the first loss for Coach Bud Bucher's Blue Devil eleven, which rolled to easy victories in its first two outings.

Poland drove for its first touchdown early in the first period after taking over following a Lisbon fumble. Halfback Dick Wolfe plunged over from the two for a Poland marker. They failed in the run for the extra points.

Lisbon came right back after the kickoff and marched to the Poland 25 where Lisbon's fleet halfback, Denny Johnson, sprinted around end for the score. The run for extra points failing.

Poland added another marker in the first period when fullback Frank Kolesar got his first of two touchdowns on a one-yard plunge. Wolfe added the extra points on a run.

The Blue Devils hit paydirt again in the second period on a run of 12 yards by Tom Brooks, with Denny Reese adding the extra points on a plunge. Lisbon threatened again in the period when they recovered a fumble at the Poland 15 but were unable to punch it across.

Kolesar added his second touchdown late in the second period on another one-yard plunge, and he caught a pass from Wolfe for the extra points.

Lisbon got its last touchdown after a long drive in the fourth period, climaxed by a five-yard plunge by fullback Jack Williams. Williams also scored the extra points on a run.

Beagle Club Slates Field Trial Sunday

The East Liverpool Beagle Club will sponsor a field trial Sunday at the club grounds on the old Y & O Road, starting at 8 a. m.

Features of the all-day affair will be the competition in the 15 and 13-inch classes for trophies. Bon's Hans, 15-inch champ two weeks ago, will vie in that class, while Asa's June, 13-inch champ, will run for the trophy in that class.

Air Force, Georgia Tech, Wisconsin And Texas Win

By ED CORRIGAN
Associated Press Sports Writer

This is the year, according to the timetable of the U. S. Air Force Academy, that the school goes "almost" big time in college football.

The Academy would like to move in the same circles as Army and Navy, the other two service teams. Since its first class doesn't graduate until next year, the AFA has all its lettermen of last year back.

Under Buck Shaw, the sophomore '57 club had a 3-6-1 record. This year, the schedule has been toughened considerably, but new coach Ben Martin, a Navy graduate, has high hopes.

His team started operations Friday night with a smoothly contrived 37-6 triumph over Detroit, another team that hopes to make the step as a major power.

One thing is certain—if anyone is going to stop the AFA, John Kuenzel and Rich Mayo, a pair of passing fools, will have to be stymied. Kuenzel tossed for one touchdown, set up another with a pass and scored once himself. Mayo passed for two scores.

Four other major games were on Friday night's schedule. Texas defeated Tulane, 21-20, Georgia Tech rebounded against Florida State, 17-3, Wisconsin whipped Miami, 20-0, and Denver turned back Utah State, 20-8.

Both Texas and Tulane made two points after their final touchdowns in the final period, but it was a I'il ol' kick in the first quarter that provided the winning margin for Texas. Bob Lackey, who directed the Texas offensive, provided the sure-foot.

Miami couldn't do much against the towering Wisconsin line. Dale Hackbart was the big man for 14-ranked Wisconsin. He passed and ran for one touchdown in the first quarter and repeated at the end of the second stanza.

Meanwhile, magic names like Ohio State, Oklahoma, Auburn, Michigan State and Notre Dame moved into action.

These, in order, are the first five in The Associated Press poll, but after last week's slew of upsets, only the uncertain is certain.

Ohio State took on Southern Methodist, Oklahoma battled West Virginia, Auburn played Tennessee in the NCAA's television game, Michigan State tangled with California and Notre Dame tackled Indiana.

Texas Christian, No. 6, had a date with Iowa, while Pittsburgh, which could turn out to be the class of the East, met Holy Cross. Army, No. 8, another contender for Eastern honors, opened against South Carolina. Mississippi No. 9, and possible favorite for the Southeastern Conference title, was up against tough Kentucky, and ten-ranked Washington State visited Northwestern.

The tradition steeped Ivy League also gets under way with Brown playing Columbia. League favorite Princeton is at home to Rutgers, a non-league member, in the annual renewal of college football's oldest rivalry.

Lew Burdette Nails 20th, Hurts Finger

MILWAUKEE (AP)—Lew Burdette achieved his 20th victory of the season Friday night but it may prove to be the costliest triumph of the year for the Milwaukee Braves.

The brilliant right-hander, climaxing his greatest of seven campaigns with the National League champions, suffered a bruised forefinger of his pitching hand as he beat the Cincinnati Redlegs 2-1.

The injury doesn't appear serious. It probably isn't. But it's downright painful. Nobody on the club is alarmed over it. Burdette himself laughed it off as nothing more than a finger stiffness which, he said, will disappear in a day or two. Maybe it will. Then again maybe it won't.

One thing is sure. The finger hurts. It's swollen and blue. The pain was steadily increasing as the raw-boned West Virginian took his sweet time shedding his uniform, shaving and getting into street clothes.

"Ouch," he exclaimed several times as the finger accidently bumped with some object. "That darn thing really hurts now."

Doc Feron, the capable club physician, didn't think it necessary to apply a bandage. But with the World Series only days away, Lew's injury was nothing to be shrugged off.

The injury occurred in the fourth inning. Roy McMillan smashed a vicious liner back to the box. Burdette knocked the ball down with his bare hand, recovered it and threw the runner out in a close play.

Minneapolis Leads In Little World Series

MONTREAL (AP) — American Assn. clubs have won the Little World Series from the International League the last four years. And the way the Minneapolis Millers started the '58 series Friday night, it ought to be No. 5.

The Millers, riding a streak that saw them swept through the American Assn. playoffs after finishing third in the regular season, took a 1-0 lead with a 6-2 victory over Montreal's favored Royals.

Montreal, International League pennant winner as well as playoff champ, led with left-hander Tom Lasorda, an 18-game winner and the league's most valuable player. He lasted only three innings, trailing 4-1 when a reliever took over.

'Ham Shoot' Sunday

WELLSBURG, W. Va. — The Sportsmen's and Farmers' Association of Brooke County will hold a ham shoot at the club farm on McAdoo Ridge, near here, Sunday. It will begin at 1 p. m. and will include trapshooting, 10 target tests, luck targets and novelty events. The Ladies Auxiliary of the club will serve refreshments.

Leopards' Attack Gets Rolling Late

After being outplayed for three periods, Midland came to life in the final quarter to score two touchdowns and defeat Beaver, 13-6, Friday night before some 6,000 fans.

By winning, Midland avenged a 6-0 defeat suffered at the hands of the Bobcats last year and knocked them out of contention in the WPIAL League.

It was the second victory of the season for Coach John Petchel's Leopards — the first in league play.

Midland came to life midway in the fourth period with a 54-yard touchdown drive, a 34-yard pass from quarterback Ken Russell to Rudy Kervoshia at the Beaver six put the Leopards in position for their first score.

On the next play, Russell, whose passing sparked the Midland offense, hit end Jim Golphin in the end zone for the score on a controversial play. The ball bounced out of Golphin's hands, but officials ruled that he had maintained possession long enough for the completion.

Midland added its final marker on a plunge by Nick Vukuvich with only 33 seconds remaining. In eight plays, the winners moved 44 yards, mostly on passes, to pay-dirt. Schulte added the extra point on a placement.

Passes by Russell of 13, 8 and 7 yards to Jim Curry, Movie Smith, on a tackle eligible play, and Dean Frederick respectively, spearheaded the last offensive.

A 15-yard pass from quarterback Steve Ratey to End Mike Sanford gave Beaver its only touchdown in the third period. The Bobcats got the ball in Midland territory when they punted from their own 38 and Pat Norton recovered a ball fumbled by a Midland recever at his own 22-yard line.

In two running plays, Beaver moved into scoring position. Ron Nichol failed in the rush for the extra point.

Salem Beats Timken, 21-0

CANTON — After playing to a 0-0 tie in the first half, the Salem Quakers stormed back in the third and fourth periods to score three times and record a 21-0 win over Canton Timken before some 6,000 fans at Fawcett Stadium Friday night.

Salem's play in the second half was highlighted by the running of fullback Lou Slaby who gained 144 yards in 12 tries besides scoring two touchdowns.

The Quakers scored on runs of three and 45 yards by Slaby and on a five - yard jaunt by Ralph Ehrhart.

Ben Jones successfully kicked for Salem's seventh point while Kent Malloy ran over for the second conversion.

Jones' kick after Salem's final tally was blocked.

Salem' line played a tremendous game in the second half.

The Trojans netted but 10 yards rushing while the Quakers were totaling 264 yards rushing.

The losers hurled a total of 12 passes and completed eight for 180 yards. Malloy passed three times for the Quakers, completing one for 13 yards.

Casey 'Ain't' Sayin' Who'll Pitch Opener

NEW YORK (AP)—Who is going to pitch the opening game of the World Series for the New York Yankees?

"I ain't sayin' yet," snorted Manager Casey Stengel today. "I may announce it Monday."

Well, it's lucky this isn't a military secret because it would be the worst-kept of all time.

Whitey Ford, the man who won the first game of last year's series for the Yanks, the man who shows a 2.01 earned run average, lowest in the majors, the man who boasts a .261 career ERA, lowest of any active pitcher, will be on the mound for the Yanks.

After Friday night's performance against the Baltimore Orioles, it would be folly even to think of anyone else starting for the Bronx Bombers.

All Whitey did was permit one hit and one baserunner in six innings, (Joe Taylor's inside-the-park homer in the first), strike out six and retire 16 men in a row. He is ready.

Ford evoked admiration from the Orioles, who finally won the ball game, 3-2, in 12 innings.

Ohio Governor Nominees To Pile Up Lots Of Miles

COLUMBUS, Ohio (AP)—Ohio's two nominees for governor will be piling up mileage this coming week.

Both Republican incumbent Gov. C. William O'Neill and Democratic hopeful Michael DiSalle have a heavy schedule of appearances.

Their itineraries:

Sept. 28: For O'Neill, a 12:30 p. m. luncheon in Columbus by the Junior Chamber of Commerce, followed by a 6:30 dinner celebrating St. John's Church's golden anniversary. DiSalle's activities for the day are unannounced.

Sept. 29: A 2 p. m. tea at Ashtabula for O'Neill, then a 5 p. m. dinner meeting at Riverside High School at Painesville. For DiSalle, an 11 a. m. appearance in Vandalia, a noon lunch with the Agonis Club in Dayton, a 3 p. m. meeting with the Federated Women's Club in Springfield, and a potluck supper in Marion at 6:30 p. m. with the Federated Women's Club.

Sept. 30: A 4 p. m. appearance by O'Neill at the Highway Division picnic, then on to a 6 p. m. combined service clubs meeting at Lima. DiSalle's activities unannounced.

Oct. 1: A Hamilton County appreciation dinner for O'Neill in the evening at Cincinnati. DiSalle's activities unannounced.

Oct. 2: An O'Neill press conference at 9:30 in Dayton, a Rotary Club meeting in Dayton at noon, and an afternoon tea from 2 to 4 p. m. at Dayton. For DiSalle, a noon appearance on the Globe Trotter's TV program in Columbus, a Democratic women's tea from 2 to 4 p. m. in Knox County, a Franklin County rally at 8 p. m. and a half-hour appearance from 10:30 to 11 p. m. on television in Columbus.

Oct. 3: For O'Neill, an address at 10 a. m. before the Mental Health Federation, Inc.'s meeting in Columbus, a Repubican Women's Club meeting at 2 p. m. in Massillon and an evening meeting at the Ripon Club in Cleveland. DiSalle will appear with former President Harry S. Truman at an 8 p. m. rally in the Akron Armory.

Oct. 4: For O'Neill, a 9:45 a. m. meeting of the Ohio High School Principals Assn. in Columbus, the Ohio State - Washington football game in the afternoon, and a night time address in Springfield, at a testimonial dinner honoring Supreme Court Judge Charles B. Zimmerman for 25 years on the court. For DiSalle, a noon luncheon with the Citizen's Committee at the Oakwood Country Club, and a 3 p. m. meeting with Ohio Democratic lawyers in Cleveland.

Boy, 11, Confesses Firing Fatal Shot

COLUMBUS, Ohio (AP)—An 11-year-old boy has admitted firing the shot which fatally wounded Charles W. Rowland, 24, Thursday night, police say. Rowland died Friday.

The boy told them he had been with Rowland and five others earlier, then left the group and broke into a house trailer, authorities said. He took a rifle and cartridges and started for home, but saw a man approaching him.

Police said the boy explained he thought he was going to be attacked, and fired at the man. When he recognized the victim as Rowland, he threw the rifle away and ran to tell his father he had found a wounded man. The account of the shooting came out during a re-enactment of his actions, authorities said.

Officials Favor Closing Half Of TB Hospitals

COLUMBUS, Ohio (AP)—With 1,000 empty beds in the state's tuberculosis hospitals, a proposal to close half of Ohio's 22 TB hospitals found favor among hospital officials and Tuberculosis Society executives meeting here.

A tentative proposal to either close 11 of the hospitals or find other uses for them was approved Friday by the conference. Improved methods of treatment were cited for the decline in hospitalized TB patients.

The proposal would set up regional TB control and treatment centers in the remaining 11 hospitals.

Man Placed On 5-Year Probation In Tax Case

CLEVELAND (AP) — Tuly Unger, 40-year-old manager of a Steubenville, Ohio, jewelry store who pleaded guilty to defrauding the government of $45,131 in excise taxes, Friday was placed on five years probation.

Government attorneys said the tax had been collected on jewelry over a three-year period. Unger has said he used the money to pay medical bills.

Unger, who lives in Pittsburgh, Pa., was placed on probation by Federal Judge James C. Connell. He was manager of the Elliott Jewelers of Steubenville.

Sergeant Ends Course

EAST PALESTINE — Sfc. Joseph Chaposky, 28, husband of Mrs. Joyce Chaposky, recently completed a pay orientation course held by the 7th Army finance section in Germany. Sgt. Chaposky of St. Clair, Pa., is chief clerk of student personnel at the Army Quartermaster Signal Corps School.

O'Neill, DiSalle Plan Speeches

Ohio Governor Nominees To Pile Up Lots Of Miles

COLUMBUS, Ohio (AP)—Ohio's two nominees for governor will be piling up mileage this coming week.

Both Republican incumbent Gov. C. William O'Neill and Democratic hopeful Michael DiSalle have a heavy schedule of appearances.

Their itineraries:

Sept. 28: For O'Neill, a 12:30 p. m. luncheon in Columbus by the Junior Chamber of Commerce, followed by a 6:30 dinner celebrating St. John's Church's golden anniversary. DiSalle's activities for the day are unannounced.

Sept. 29: A 2 p. m. tea at Ashtabula for O'Neill, then a 5 p. m. dinner meeting at Riverside High School at Painesville. For DiSalle, an 11 a. m. appearance in Vandalia, a noon lunch with the Agonis Club in Dayton, a 3 p. m. meeting with the Federated Women's Club in Springfield, and a potluck supper in Marion at 6:30 p. m. with the Federated Women's Club.

Sept. 30: A 4 p. m. appearance by O'Neill at the Highway Division picnic, then on to a 6 p. m. combined service clubs meeting at Lima. DiSalle's activities unannounced.

Oct. 1: A Hamilton County appreciation dinner for O'Neill in the evening at Cincinnati. DiSalle's activities unannounced.

Oct. 2: An O'Neill press conference at 9:30 in Dayton, a Rotary Club meeting in Dayton at noon, and an afternoon tea from 2 to 4 p. m. at Dayton. For DiSalle, a noon appearance on the Globe Trotter's TV program in Columbus, a Democratic women's tea from 2 to 4 p. m. in Knox County, a Franklin County rally at 8 p. m. and a half-hour appearance from 10:30 to 11 p. m. on television in Columbus.

Oct. 3: For O'Neill, an address at 10 a. m. before the Mental Health Federation, Inc.'s meeting in Columbus, a Repubican Women's Club meeting at 2 p. m. in Massillon and an evening meeting at the Ripon Club in Cleveland. DiSalle will appear with former President Harry S. Truman at an 8 p. m. rally in the Akron Armory.

Oct. 4: For O'Neill, a 9:45 a. m. meeting of the Ohio High School Principals Assn. in Columbus, the Ohio State - Washington football game in the afternoon, and a night time address in Springfield at a testimonial dinner honoring Supreme Court Judge Charles B. Zimmerman for 25 years on the court. For DiSalle, a noon luncheon with the Citizen's Committee at the Oakwood Country Club, and a 3 p. m. meeting with Ohio Democratic lawyers in Cleveland.

Boy, 11, Confesses Firing Fatal Shot

COLUMBUS, Ohio (AP)—An 11-year-old boy has admitted firing the shot which fatally wounded Charles W. Rowland, 24, Thursday night, police say. Rowland died Friday.

The boy told them he had been with Rowland and five others earlier, then left the group and broke into a house trailer, authorities said. He took a rifle and cartridges and started for home, but saw a man approaching him.

Police said the boy explained he thought he was going to be attacked, and fired at the man. When he recognized the victim as Rowland, he threw the rifle away and ran to tell his father he had found a wounded man. The account of the shooting came out during a re-enactment of his actions, authorities said.

Officials Favor Closing Half Of TB Hospitals

COLUMBUS, Ohio (AP)—With 1,000 empty beds in the state's tuberculosis hospitals, a proposal to close half of Ohio's 22 TB hospitals found favor among hospital officials and Tuberculosis Society executives meeting here.

A tentative proposal to either close 11 of the hospitals or find other uses for them was approved Friday by the conference. Improved methods of treatment were cited for the decline in hospitalized TB patients.

The proposal would set up regional TB control and treatment centers in the remaining 11 hospitals.

Man Placed On 5-Year Probation In Tax Case

CLEVELAND (AP) — Tuly Unger, 40-year-old manager of a Steubenville, Ohio, jewelry store who pleaded guilty to defrauding the government of $45,131 in excise taxes, Friday was placed on five years probation.

Government attorneys said the tax had been collected on jewelry over a three-year period. Unger has said he used the money to pay medical bills.

Unger, who lives in Pittsburgh, Pa., was placed on probation by Federal Judge James C. Connell. He was manager of the Elliott Jewelers of Steubenville.

Sergeant Ends Course

EAST PALESTINE — Sfc. Joseph Chaposky, 28, husband of Mrs. Joyce Chaposky, recently completed a pay orientation course held by the 7th Army finance section in Germany. Sgt. Chaposky of St. Clair, Pa., is chief clerk of student personnel at the Army Quartermaster Signal Corps School.

Exercise Gives Streamline Habit

"Losing weight doesn't help by figure," a dieter complains. "My weight is normal now, 135 pounds for 5 feet 4, but my measurements leave much to be desired—off! Here are the statistics: bust 36, waist 30, abdomen 38, hips 36-½. I've had four children, and after each one I was left with bulging inches through the middle."

Ida Jean Kain

Calisthenics are an excellent way to restore tone to the middle measurement. Fifteen minutes of precision calisthenics, if taken daily, can work streamlining miracles.

When the abdominal muscles become flabby, the waist widens. Today's model needs to lose 3 inches from the waist and from the abdominal measurement. The first two exercises restore tone to the side-front abdominal muscles and whittle the waist.

—:—

POSITION: Lying on back on floor, knees flexed, soles of feet flat on floor.

Movement: Raise hips just slightly off the floor and pulling in forcibly with the side-front abdominals, tilt hips to the right—tilt, do not swing. Hold this strong up-and-in pull for a slow count of six, breathing normally.

Come back to center, tilt hips to the left side, again pull in strongly and hold. Repeat exercise 8 times, alternating sides. Note: this is not a hip swinging exercise—the tilt should be ever so slight and the pull exerted by the side-front abdominals. Hold the muscle contraction, for holdings helps to increase tone.

It's waist slimming to progress by adding a side-bend.

Position: Sitting on floor, legs separated and straight out in front Clasp hands behind head with elbows held straight out at shoulder level to square shoulders.

Movement: Pull up-and-in snugly with the middle muscles, the ones you've been toning in the above exercise. Hold this muscle contraction as you twist gently at the waist to the right, half the way around, then bend forward and touch left elbow to left knee. Hold.

As you come back to starting position, pull up-and-in with middle muscles. Holding the pull, twist gently to the right side and bend to touch right elbow to right knee. If you crumple in the middle, most of the slimming action will be lost! Repeat exercise eight times. After you are really supple, see if you can touch left elbow to right knee. Do not strain.

—:—

FOLLOWING THESE two exercises, stretch out on the floor full length, but have right knee flexed—now pull smoothly, stretching up with right fingers and pushing down with right heel.

Raise right heel just slightly off floor as you press small of back flat against floor. Contract - stretch - hold. Repeat three times, then flex left knee and pull all along left side. This easy routine is fast streamlining—provided you do it daily.

Send a long, stamped, self-addressed envelope for illustrated exercise leaflet entitled, "Away With Middle Spread." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

Red Cross Slates Instructors Class Covering First Aid

The East Liverpool Red Cross Chapter will launch a class for first aid instructors Monday night at 7 at its headquarters in the Mary Patterson Memorial, with Clyde McDonald of Akron as instructor.

The 15-hour course will be covered in 3-hour sessions continuing through Friday. McDonald represents the Eastern Area Red Cross headquarters in Alexandria, Va. Alvin Arner, the chapter's first aid chairman, said the following qualified in advanced first aid have enrolled:

Mrs. Samuel W. Brown, Mrs. Ruth Bryner, Mrs. Jane Calhoun, Mrs. Jeanette Carpenter, Mrs. Alma Dalrymple, Mrs. Frances Eckenrode, Mrs. Edna Jones, Miss Goldenbelle Kelly, Mrs. Permilia E. Kilmer, Mrs. Luella Myers, Mrs. Jane Powell, Mrs. Edna Sweeney, Mrs. J. D. Thompson, Mrs. Virginia Torrence, Mrs. Martha White, Alvin Arner Jr., P. R. Blake, Frank W. Hancock, George B. Kidd, Charles McKinnon, George E. Merriman, Austen B. Moore, John S. Shay, Frank B. Shone, Kenneth W. Simcox, Donald D. Triller, Alfred VanDyne, Lou Venditti and Melvin Whittington.

Any advanced first aid or currently authorized instructors, wishing to avail themselves of the nine additional hours required to cover the new techniques in the revised First Aid Book, may still enroll by calling the Red Cross office, Arner said.

He Finds Easy Way To Collect Signatures

NOGALES, Ariz. (AP) — J. M. Soto Jr., found an easy way to collect signatures on nominating petitions for Rep. Stewart Udall (D-Ariz.).

He stopped off at the courthouse and signed up most of the 100 persons called for jury duty. Jurors are registered voters.

Mid-County GOP Waits Address By Cloud Wednesday

LISBON — Roger Cloud, speaker of the Ohio House of Represenatives, will address a meeting of the Mid - County Republican Club Wednesday night in the American Legion Home.

Appearing on the same program, Carl Weinman of Steubenville, state central committeeman, will discuss platform and policy issues that will be studied at an Ohio GOP convention Oct. 8-9 in Columbus.

Mrs. Letha Astry of Salem, state central committeewoman, will discuss in detail the proposed "coffee hours" that will be used during the campaign to introduce candidates to women voters.

Also expected at the dinner meeting, according to Mrs. Blanche Neill, the club president, are: Probate Judge Robert Ford of Geauga County, a candidate for the 7th District Court of Appeals; Walter Jay Hunston of Salem, candidate for state senator; Rep. Clarence L. Wetzel, seeking re - election to the House of Representatives, and other party leaders and state office - holders or their representatives. County mayors, their wives and candidates will be seated at a special table, Mrs. Neill said.

Certificates Planned At End Of Police Class

Officers who scored passing grades in a 20-hour police training school that ended Friday afternoon are scheduled to receive engraved certificates, Safety - Service Director Dan Maggianetti announced.

The grades will be based on an examination, plus scores on class notebooks that the students will turn in Wednesday, the director said. The training course, covering four hours daily, was launched Monday.

The certificates the passing students will receive are titled: "Law Enforcement Officers Training School."

Organ And Piano Groups In Recital

Organ and piano duets, baton twirling and vocal numbers were featured during the recital of organ and piano students of Earl Hill Wednesday night at the Mary Patterson Memorial. Some 100 parents and friends attended.

Presenting organ numbers were Tommy Scott, Billy Vale, Deeplas Staggers, Kathy Wilson, Fred Schell David Tarbuck, Mrs. Robert Kirkham, Kent Kirkham, Bernadine Mick and Barbara Feresch.

Piano selections were given by Sally Bennett, Robert Snow, Darrell West, Chucky Groubert, Jim Conkle, JoAnn Edgell, Janie Snow, Skipper George, Mary Hildebrand, Tommy Scott, Deeplas Staggers, Sue Craig, Ralph Lock, David Doland, Vicki Edgell, Nancy Doland, Pat Wolfe, Joyce West, Darrell Locke and Keith Locke.

Vocal numbers were given by Mrs. June George, accompanied by Hill, and Nancy and David Doland gave a piano duet.

Sally Bennett was featured in baton twirling with Hill as accompanist, followed by organ and piano duets by Bernadine Mick, and Pat Wolfe.

Concluding the recital, the instructor played a piano solo and organ numbers.

Girls Start Off Smarter, But Boys Catch Up

As a rule, girls rank higher in high school achievement than boys, but this is not true in college entrance tests. Many colleges have admitted high school graduates on the basis of their marks in high school. Where such is the criterion for admission, more girls than boys would seem to be able to gain admittance to a coeducational college or university.

By Garry Meyers

Arwood S. Northby of the University of Connecticut reported in School and Society, February 1958, a study of differences between boy and girl high school students.

—:—

HIS REPORT is based on lists he procured from the principals of Connecticut high schools. The lists gave the class rank of 83 per cent of the total graduates from public high schools in the state during 1956 — a total of 7,037 girls and 5,789 boys.

He found the girls distinctly superior to the boys. The percentage of girls in the upper ten per cent of their classes was more than twice that of boys — 72 against 28. The percentage of boys found in the bottom 10 per cent of the class was nearly twice that of girls.

If class rank in high school is considered the yardstick for admission to coeducational colleges, they would soon have more women than men. But more and more colleges are requiring tests for entrance.

In Georgia, for example, since 1957, all applicants to any of the 15 colleges of the University System of Georgia are required to take the college entrance examination.

—:—

HOWEVER, Dr. Northby reports that when high school graduates are compared on the basis of scores on aptitude tests, an intelligence test or similar measures of mental capacity, there's practically no difference between the sexes.

But he gives no data on the factors of selection, the relative number of boys and girls who take these tests, nor does he compare the nature of the courses in high school taken by boys and girls.

Many studies do reveal that high school boys more often elect science and mathematics than do girls, which fact might be reflected in their college entrance test achievement. However, with more jobs opening for women in these fields, this trend might be changed.

My bulletin, "Helping Our Children Succeed At School," may be had by sending a self - addressed, stamped envelope to me in care of this newspaper.

DiSalle; Herbert Views Vary On Expansion Plans

COLUMBUS, Ohio (AP)—Democratic gubernatorial candidate Michael V. DiSalle and Republican Lt. Gov. Paul M. Herbert have different views on Ohio's industrial expansion program. Both spoke at suburban Upper Arlington Friday night.

DiSalle contends Ohio must face up to the job of retaining its present industrial wealth as well as attracting new industry, since the state will need another one million jobs by 1970.

Herbert, running for re-election, insists that the "thousands flocking into Ohio from Kentucky, Tennessee, West Virginia, and Michigan" prove that the necessary job is being done.

Electric Fire Hazard Demonstration Planned

The Ohio Power Co. will stage a demonstration of electrical fire hazards to kick - off the Hancock County firemen's school registration Sunday night at 6:30 at the New Cumberland fire station.

Carl Durham, chief of the Newell fire department, said Don Baxter, commercial sales representative of the power firm, will give the demonstration.

The school will be held Monday through Friday at the Newell fire station.
